PATENT ASSIGNMENT

This Patent Assignment (“**Assignment**”) is made and entered into by and between the following parties:

Sandstone Diagnostics Inc, a Delaware corporation, having a business address of 6624 Owens Dr., Pleasanton, CA 94588 USA (“**Assignor**”),

and

Laboratory Corporation of America Holdings, a Delaware Corporation having a business address of 531 South Spring Street, Burlington, North Carolina 27215 USA (“**Assignee**”).

For good and valuable consideration, the receipt of which is hereby acknowledged, we, the undersigned Assignor, do hereby sell, assign, and transfer, and have sold, assigned and transferred to Assignee all of our right, title, and interest for all countries in and to the patents and patent applications listed on the attached Appendix A (“**the Patents and Applications**”), and in and to any and all inventions disclosed in the Patents and Applications (“**the Inventions**”). This assignment and transfer includes all provisional and/or nonprovisional applications, including divisionals, continuations, substitutions, renewals, and reissues thereof, and all other applications for patent or patent(s) and/or other related property rights in any and all foreign countries which have been or shall be filed on one or more of the Inventions, and further includes all original and reissued patents or related foreign documents that have been or shall be issued on one or more of the Patents and Applications and/or Inventions.

We, Assignor, further agree, for good and valuable consideration, the receipt of which is hereby acknowledged, that Assignee (or Assignee’s successors and assigns, as applicable) may apply for and receive foreign Letters Patents or similar such rights and, in doing so, may make a claim of priority, as applicable, to the Patent and Applications under the provisions of any bilateral or multilateral treaty or international agreement, including but not limited to, the International Convention of 1883 and later modifications thereof (“**the Paris Convention**”), the Patent Cooperation Treaty, the European Patent Convention, the Eurasian Patent Convention, the agreement(s) of the African Regional Intellectual Property Organization, the agreement(s) of the Organisation Africaine de la Propriete Intellectuelle, and the agreement(s) of the Cooperation Council for the Arab States of the Gulf; and that, when reasonably requested by Assignee, to carry out in good faith the intent and purpose of this assignment, Assignor(s), or their executors or administrators, will, for the United States and any and all foreign countries: (i) execute any and all documents related to and necessary for any application for patent in the United States or a foreign country, where such application discloses one or more of the Inventions; (ii) execute any and all oaths, declarations, assignments, confirmatory assignments, powers of attorney and other papers concerning one or more of the Inventions and any and all patent applications thereon, whether in the United States or a foreign country; (iii) perform other such acts, at the reasonable request of Assignee

or Assignee's successors and assigns, to obtain or maintain any and all Patents and Applications in the United States or any foreign country on one or more of the Inventions and to vest title thereto in Assignee or Assignee's successors and assigns; and (iv) allow, should circumstances require, Assignee or Assignee's successors and assigns to execute any document under (i), (ii) and/or (iii) on Assignor's behalf.

In addition, we, Assignor, further agree, for good and valuable consideration, the receipt of which is hereby acknowledged, to the extent not encompassed by the foregoing do hereby assign all rights to enforce and/or litigate any and all patent rights in the United States or foreign country on one or more of the Patent and Applications and Inventions or any improvements thereto, including the rights to participate in any interference proceeding, derivation proceeding, post grant oppositions and/or reviews, re-examinations, re-issues and/or inter parte or ex parte reviews relating thereto and the right to seek past damages.
