Patent Assignment

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the undersigned individual:

Himanshu Maurya of Jaunpur, Uttar Pradesh, India (the “**Assignor**”)

hereby irrevocably conveys, transfers, and assigns to

iSchoolConnect Inc., a corporation of the state of Delaware, having its principal place of business at 33 Boston Post Road West Suite 600, Marlborough MA 01752, United States of America, (the “**Company**”)

the entirety of any and all interest(s) he has for the Republic of India, the United States of America and all foreign countries including all rights under international treaties and conventions in certain invention(s) disclosed and described in:

U.S. Patent Application No. 17/453,416, titled “Machine Learning System for Analyzing the Quality and Efficacy of Essays for Higher Education Admissions,” filed in the United States Patent & Trademark Office on November 3, 2021, and listing as inventors Himanshu Maurya, Atul Verma, Ashish Shriram Tulsankar, and Ashish Fernando and in all Letters Patent of the United States and all foreign countries which may or shall be granted on said invention, or any parts thereof, or on said application, or any divisional, continuing, reissue or other applications based in whole or in part thereon.

The Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States and all other foreign patent offices to issue such Letters Patent as shall be granted upon said application or applications based thereon to the Company, its successors and assigns.

The Assignor shall take such steps and actions, and provide such cooperation and assistance at the Company’s expense to the Company and its successors, assigns, and legal representatives, in connection with the invention and applications listed above, or for any inventions and discoveries derived therefrom, as may be reasonably requested to effect, evidence, or perfect this assignment to Company or any assignee or successor thereto, including, but not limited to: the execution and delivery of any affidavits, declarations, oaths, exhibits, assignments, powers of attorney, documents in connection with claims or provisions of international treaties, or other lawful papers; the execution and delivery of all papers reasonably necessary in connection with any administrative or judicial proceedings; and the provision of information and testimony and cooperation as reasonably necessary in obtaining and producing evidence and prosecuting such proceedings. The Assignor hereby appoints the Company as its agent and attorney-in-fact in with power to, on the Assignor’s behalf, execute documents in connection with the prosecution of patent applications based in whole or part on the inventions anywhere in the world and to effect, evidence, or perfect this assignment to Company or any assignee or successor thereto.

This Patent Assignment shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns. The Assignor and the Company agree that: this instrument may be executed in one or more counterparts, each of which is an original, and all of which together constitute only one agreement between the parties; the signatures of all the parties do not need to be on the same counterpart for it to be effective; and delivery of an executed counterpart's signature page of this Patent Assignment, by electronic mail in portable document format (.pdf) or by any other electronic means intended to preserve the original graphic and pictorial appearance of a document, has the same effect as delivery of an executed original of this Agreement.
