As security for the payment and performance in full of the Obligations, each Grantor pursuant to the Master Collateral Agreement did, and hereby does, grant to the Administrative Agent, its successors and assigns, for the benefit of the Secured Parties, a security interest in all of such Grantor’s right, title and interest in, to and under any and all of the following assets now owned or at any time hereafter acquired by such Grantor or in, to or under which such Grantor now has or at any time hereafter may acquire any right, title or interest (collectively, the “Patent and Trademark Collateral”):

(a) (i) all letters patent of the United States of America, and all registrations and applications for letters patent of the United States of America, including, in the case of any Grantor, any of the foregoing set forth under its name on Schedule I hereto, and (ii) all reissues, continuations, divisionals, continuations-in-part, reexaminations, supplemental examinations, adjustments or extensions thereof, and the inventions disclosed or claimed therein;

(b) (i) all trademarks and service marks, including all registrations and applications filed in the United States Patent and Trademark Office and all extensions or renewals thereof, including, in the case of any Grantor, any of the foregoing set forth under its name on Schedule II hereto and (ii) all goodwill associated therewith or symbolized thereby;

in each case, other than any such asset if, to the extent and for so long as such asset does not, pursuant to the final proviso of Section 3.01(a) of the Master Collateral Agreement, constitute Article 9 Collateral.

SECTION 3. Collateral Agreement. The security interests granted to the Administrative Agent herein are granted in connection with, and not in limitation or expansion of, the security interests granted to the Administrative Agent pursuant to the Master Collateral Agreement. Each Grantor hereby

acknowledges and affirms that the rights and remedies of the Administrative Agent with respect to the Patent and Trademark Collateral are more fully set forth in the Master Collateral Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the Master Collateral Agreement, the terms of the Master Collateral Agreement shall govern.
