ASSIGNMENT

WHEREAS, I/We, the undersigned inventor(s) of residence(s) as listed, have invented certain new and useful invention as below entitled, for which the undersigned inventor(s) has (have) concurrently executed an application for patent in the United States of America; and

WHEREAS, Teh Yor Co., Ltd., a corporation organized and existing under the laws of Taiwan, Republic of China, having its principal place of business at 1 & 36, Lane 338, Sidong Rd., Sansia Dist., New Taipei City 23743, Taiwan (R.O.C.) (hereinafter referred to as "Assignee"), desires to acquire the entire right, title and interest in and to the invention, and in and to the said application and any Letters Patent(s) that may issue thereon;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I/we assign to Assignee, all right, title and interest in and to said invention, including the right of priority for any previously filed provisional or regular patent applications related to the invention described below, and in and to said application and all patents which may be granted therefor, and all divisions, reissues, continuations, continuations-in-part and extensions thereof; and I/We authorize and request the Commissioner of Patents to issue all patents for said invention, or patents resulting therefrom, insofar as my/our interest is concerned, to Assignee.

I/We also assign to Assignee, all right, title and interest in and to the invention disclosed in said application throughout the world, including the right to file applications and obtain patents, utility models, industrial models and designs for said invention in its own name throughout the world, including the right of priority for any previously filed provisional or regular patent applications related to the invention described below, including all rights to publish cautionary notices reserving ownership of said invention and all rights to register said invention in appropriate registries, together with all rights to sue for past, present, and future infringements or misappropriations of the invention, and I/We further agree to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such right, title and interest in Assignee. I/We warrant that, to the best of our knowledge, the rights and property conveyed are free and clear of any encumbrance.

I/We will communicate to Assignee any facts known to us respecting any improvements; and, at the expense of Assignee, I/We will testify in any legal proceedings, sign all lawful papers,

execute all divisional, continuation, continuation-in-part, reissue and substitute applications, make lawful oaths and declarations, and generally do everything possible to vest title in Assignee and to aid Assignee to obtain and enforce proper protection for said invention in all countries.

I/We agree not to subsequently challenge the validity or enforceability of any patents covering said invention, whether administratively, through the courts, or otherwise.

This Assignment shall be binding on the parties' successors, assigns and legal representatives.
