ASSIGNMENT

WHEREAS, MTU Aero Engines AG, having an address at Dachauer Strasse 665, 80995 Muenchen, Germany (hereinafter "Assignor") is desirous of assigning an undivided fifty percent (50%) ownership of the worldwide right, title and interest in and to all inventions and any and all patents, utility models, design patents or other industrial property rights to be obtained therefore, identified by Attorney Docket No. 130979US01 (U421748US) (hereinafter "the Invention") and described in a patent application as further identified herein below, and

WHEREAS, Raytheon Technologies Corporation, a corporation organized and existing under and by virtue of the laws of the State of Delaware, and having an office and place of business at 10 Farm Springs Rd., Farmington, CT 06032 (hereinafter "Assignee"), is desirous of acquiring from Assignor an undivided fifty percent (50%) ownership in the right, title and interest in and to said invention(s), and any and all patents and to be obtained therefore;

NOW, THEREFORE, in consideration of good and valuable consideration, the receipt of which is hereby acknowledged by Assignor, Assignor does hereby sell, assign, transfer and set over unto Assignee, its successors and assigns, to the extent owned or assignable by the Assignor, an undivided fifty percent (50%) ownership in the right, title and interest in and to:

- said invention or inventions, as described in the aforesaid patent application, in any form or embodiment thereof, and in and to the aforesaid application;
- any application filed in any country, jurisdiction or other authority based thereon, including direct or indirect nonprovisional, divisional, continuation-in-part or substitute applications, and including the right to file said applications under the provisions of the Paris Convention for the Protection of Industrial Property, the Patent Corporation Treaty or other international convention or agreement;
- any and all patents or reissues or extensions thereof to be obtained in any country, jurisdiction or other authority which may be filed upon said invention or inventions in any country or other authority;
- all such rights relating to prior infringements, retroactive or past royalties, provisional rights, and other retroactive or past relief or compensation.

The Assignor hereby authorizes and requests the issuing authority to issue any and all patents on said application or applications to Assignee or its successors and assigns as a partial owner.

The Assignor further agrees, to execute and deliver to Assignee, its representatives or agents or its successors and assigns, on request, all lawful papers required to make any of the foregoing provisions effective to obtain and enforce proper patent protection for said invention or inventions in any country.

130979US01 (U421748US)
