INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This Intellectual Property Assignment Agreement (this "Assignment") is made as of this 18th day of January, 2022, by and between Biosynergy, Inc., an Illinois corporation ("Assignor"), and LCR Hallcrest, LLC, a Delaware limited liability company, having an address at 1911 Pickwick Lane, Glenview, IL 60026 ("Assignee").

This Assignment is made pursuant to that certain Asset Purchase Agreement (the "Purchase Agreement"), dated as of November 23, 2021, by and between Assignor and Assignee, concerning the sale and purchase of the Purchased Assets. Capitalized terms used but not defined in this Assignment shall have the meanings ascribed to them in the Purchase Agreement.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and in further consideration of the mutual covenants and agreements contained in the Purchase Agreement, and pursuant to the terms of the Purchase Agreement, Assignor hereby sells, assigns, conveys, transfers and delivers to Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to all Intellectual Property of Seller ("Seller Intellectual Property"), in the United States and all countries throughout the world, including but not limited to the trademark registrations and applications for trademark registration, unregistered trademarks, domain names, patents and patent applications, and copyright registrations set forth on the Schedule hereto, together with and all inventions described therein and all prior patent applications filed thereon and all non-provisional applications for patent that are converted from or claim priority to said applications, and in and to any and all direct and indirect divisions, continuations and continuations-in-part of said applications, and any and all patents in the United States and all foreign countries which may be granted therefor and thereon, and reissues, reexaminations, other rights from administrative proceedings and extensions of said patents, and all rights under the International Convention for the Protection of Industrial Property including all rights of priority, and all revisions thereof, to the full end of the term or terms for which the foregoing may be granted, renewed and/or extended, any and all rights of recovery based on past and future infringement of the Seller Intellectual Property and the goodwill symbolized by the trademarks and service marks included in the Seller Intellectual Property, free and clear of all liens, restrictions, leases, security interests, claims, charges or encumbrances whatsoever.

Assignor further agrees that, without further consideration, it will cause to be performed such other lawful acts, and to be executed such further assignments and other lawful documents, as Assignee may, from time to time, reasonably request to effect fully this Assignment and to permit Assignee to be duly recorded as the registered owner of these intellectual property assets. Assignee shall be responsible for all fees for recordation of this Assignment. Assignor agrees to cooperate fully with Assignee to accomplish such recordation.

This Assignment shall be governed by the laws of the state of Illinois applicable therein without giving effect to any choice or conflict of law provision or rule (whether of the state of Illinois or any other jurisdiction) that would cause the application of laws of any jurisdiction other than those of the state of Illinois.
