## PATENT ASSIGNMENT AGREEMENT

This Patent and Intellectual Property Rights Assignment Agreement (the “**Patent Assignment**”) is executed and effective as of February 1, 2022 (the “**Effective Date**”).

WHEREAS, UCB PHARMA SA, a Belgian corporation having a place of business at Allée de la Recherche 60, 1070 Brussels, Belgium, with company number 0403.096.168 (RPM Brussels) (the “**Assignor**”), is the owner of the patents and patent applications listed on Schedule A attached hereto (the “**Patents**”) and all rights with respect thereto;

WHEREAS, Assignor wishes to assign, transfer, convey and sell to R-Pharm International LLC, a Russian corporation having a place of business at 19, bld.1, Berzarina street, first floor, premise V, room 9, Moscow, 123154, Russia, registered under number 1177746945243 (the “**Assignee**”) which wishes to acquire, the Patents and all intellectual property rights with respect thereto, and Assignee has agreed to accept such assignment, on the terms and conditions set forth in the Sale and Purchase Agreement between the parties in relation to Olokizumab and related assets dated December 13, 2021 (the “**Agreement**”); and

WHEREAS, the parties wish to herein memorialize said assignment, transfer and sale of the Patents and related intellectual property rights to Assignee for recording with governmental authorities, and corresponding governmental agencies or authorities in all countries or regions which exercise authority over any of the Patents.

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN, be it known that for good and valuable consideration as agreed upon and included in the Agreement, the receipt and legal sufficiency of which is hereby acknowledged, and pursuant to the terms and conditions of the Agreement, the Assignor and Assignee hereby agree as follows:

1. **Assignment.** With effect as from February 1, 2022, the Assignor hereby irrevocably sells, assigns, transfers, and conveys to Assignee, and Assignee hereby accepts, all rights, title and interest in and to the following:

- (i) The Patents and any and all continuations, continuations-in-part, divisions, issued patents, reissues, reexaminations, extensions, and renewals thereof;
- (ii) all intellectual property rights and/or other rights of any kind whatsoever of Assignor accruing under any of the foregoing under applicable law of any jurisdiction, by international treaties and conventions and otherwise throughout the world, including without limitation the rights to file and prosecute applications claiming the benefit of any intellectual property rights included in the Patents, and to receive patents that issue from said applications, whether or not existing as of the date of this Patent Assignment;
- (iii) any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and
- (iv) any and all suits, litigation, legal or administrative proceedings or other causes of action, with respect to any and all of the foregoing, whether accruing before or after the date of this Patent Assignment, including without limitation any and all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. **Registration and Recording.** Assignee has the right to take all steps necessary to record, register or otherwise give effect to such assignment and/or to perfect its ownership interests and rights resulting therefrom, in any and all countries and territories in the world. In furtherance of the foregoing, the Assignor hereby authorizes the respective governmental officials in any country or region in the world to record and register this Patent Assignment upon request by Assignee or its agents. Assignor

hereby further authorizes the governmental officials, agencies or authorities in all countries or regions which exercise authority over Patents, to issue to the Assignee the entire rights, title and interest in and to any and all Patents or other intellectual property rights resulting from any existing or future patents or patent applications which are the subject of this Patent Assignment.

3. **Further Acts.** At any time, and from time to time at Assignee's request, Assignor agrees to execute further documents and instruments and to do such other acts as may be necessary or reasonably requested by Assignee to more effectively vest full title in and to the Patents in the Assignee.

4. **Counterparts.** This Patent Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement. A signed copy of this Patent Assignment delivered by facsimile, e-mail or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Patent Assignment.

5. **Governing Law.** This Patent Assignment shall be governed by, and construed in accordance with, the laws of England and Wales, without giving effect to any choice or conflict of law provision or rules.

This Patent Assignment shall be binding upon and shall inure to the benefit of the respective successors and permitted assigns of Assignor and Assignee.
