## ASSIGNMENT

WHEREAS, COCOON CONSTRUCT, CO. ("Assignor"), having an address at 235 HARRISON STREET, MAILBOX 53, SYRACUSE, NEW YORK 13202, is desirous of assigning the following US patents:

- US Patent 8,109,055 entitled A BUILDING PANEL WITH A RIGID FOAM CORE, STUD CHANNELS, AND WITHOUT THERMAL BRIDGING and having an issue date of February 7, 2012;
- US Patent 8,109,058 entitled A BUILDING PANEL WITH A RIGID FOAM CORE, STUD CHANNELS, AND WITHOUT THERMAL BRIDGING and having an issue date of February 7, 2012; and
- US Patent 8,234,833 entitled STRUCTURAL INSULATED ROOF PANELS WITH RIGID FOAM CORE and having an issue date of August 7, 2012 (the "Patent Asset(s)").

WHEREAS, FunForm, LLC ("Assignee"), having an address at 301 Post Rd. East #14, Westport, CT 06880, is desirous of acquiring the entire right, title and interest in and to the Patent Asset(s).

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, this assignment is hereby entered into as follows:

Assignor agrees to and does hereby assign, transfer and grant to Assignee, its legal representatives, successors, and assigns, the entire right, title, and interest in and to the Patent Asset(s) worldwide, whether they existed in the past, exist now, or come into existence later, including all United States ("US"), non-U.S. and regional patents and patent applications worldwide (i) that claim priority, directly or indirectly, from the Patent Asset(s), (ii) from which the Patent Asset(s) claim priority, directly or indirectly, or (iii) that claim any common priority, directly or indirectly, with the Patent Asset(s), including all inventions in any of the foregoing, including all applications, international applications, regional applications, national applications, national stage applications, provisional applications, non-provisional applications, continuations, continuations-in-part, divisionals, substitutes, reexaminations, inter partes review applications, post grant review applications, covered business method applications, reissues, and extensions of any of the foregoing, including all patents, registrations, certificates, governmental grants, and renewals of any of the foregoing, including all rights to claim priority, file applications, and obtain grants, renewals and extensions in connection with any of the foregoing, including all rights to assert, defend and recover title in connection with any of the foregoing, and including all rights to sue and recover for any past, present and future infringement, misappropriation, violation, damages, lost profits, royalties, and payments in connection with any of the foregoing, in each case, as may have existed in the past, exist now or come into existence in the future throughout the world. Assignee accepts all of such rights, title and interests assigned herein.

Assignor does hereby agree with Assignee that Assignor will, without further or additional consideration, execute such additional assignments and other writings and do such additional acts as Assignee may deem necessary or desirable to perfect Assignee's enjoyment of this assignment or to carry out the purposes of this assignment. The words "include" and "including," and variations thereof, will not be deemed to be terms of limitation, but rather will be deemed to be followed by the word "without limitation."

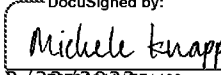

Assignor authorizes and requests all Letters Patent and certificates based on the Patent Asset(s) (including the foregoing patents, patent applications, and inventions) to be issued to Assignee, its legal representatives, successors, and assigns, in accordance with the terms of this assignment.

IN WITNESS WHEREOF, Assignor has executed this assignment as of the date written below.
