ASSIGNMENT

This Assignment (the "Assignment") is made and entered into as of December 2, 2021 by JUKA INNOVATIONS CORPORATION, a New York corporation having its principal place of business at 40 Gazza Blvd., Farmingdale, NY 11735 ("Juka") with reference to the following:

WHEREAS, Andrew Drossman ("Inventor") has made certain inventions, improvements, and discoveries in a Universal Tub Drain Hair Strainer, for which an application for a United States Design Patent was filed on March 29, 2019 and having U.S. Application Serial No. 29/685,586 and for which a Canadian industrial design application was filed on March 29, 2019 and having Canadian Application Serial No. 186722 (the "Strainer IP" or "IP"); and

WHEREAS, Inventor previously assigned the IP to Juka; and

WHEREAS, Juka desires to assign to Inventor, the entire worldwide right, title, and interest in and to the IP, including, without limitation, in and to any and all patent applications, patents, industrial design applications and registered industrial designs directed thereto.

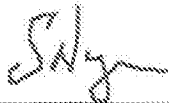

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency thereof being hereby acknowledged, Juka hereby sells, assigns, and otherwise transfers to Inventor, its successors, legal representatives, and assigns, the entire right, title, and interest in and to the IP, throughout the world (the "Territory") including, without limitation, the above-identified United States patent application and Canadian industrial design application, and any and all other patent applications, patents, industrial design applications and registered industrial designs for the IP which may be applied for or granted therefor in the Territory including all divisions, continuations, reissues, reexaminations, renewals, extensions, counterparts, substitutes, and extensions thereof, and all rights of priority resulting from the filing of such applications and granting of such patents. In addition, the undersigned Inventor hereby authorizes and requests the Director of the United States Patent and Trademark Office to issue any United States Patent, and Canadian authorities to issue any Canadian patent or registered industrial design, granted for the IP, to Inventor, its successors, legal representatives, and assigns, the entire right, title, and interest, throughout the Territory, in and to the same to be held and enjoyed by Inventor, its successors, legal representatives, and assigns to the full end of the terms for which any and all such patents / registered industrial designs may be granted, as fully and entirely as would have been held and enjoyed by Juka had this Assignment not been made; and Juka agrees to execute any and all documents and instruments and perform all lawful acts reasonably related to recording this Assignment or perfecting title to the IP and all related patents, registered industrial designs and applications, in Inventor, its successors, legal representatives, and assigns, whenever requested by Inventor, its successors, legal representatives, or assigns.

Juka acknowledges Juka's ongoing obligation to assign and transfer the rights under this Assignment to Inventor and is unaware of any reason why Juka may not have the full and unencumbered right to assign and transfer the rights hereby assigned and transferred, and has not executed, and will not execute, any document or instrument in conflict herewith. This Assignment is governed by the substantive laws of the State of New York. This assignment is made a part of, and subject to, the terms of that certain:

Termination Agreement dated as of December 2, 2021. (the "Agreement") between Juka and Inventor... and, in the event of any inconsistency between this Assignment and the Agreement, the Agreement shall control.

IN WITNESS WHEREOF, Juka has executed this Assignment as of the date first written above.
