ASSIGNMENT

WHEREAS I, Nicholas GAUDERN (hereinafter referred to as "Assignor"), have made an invention entitled:

Wind Turbine Blade with a Gurney Flap

for which I executed an application for United States Letters Patent filed in the U.S. Patent and Trademark Office, identified by U.S. Application No. 17/671,069, filed on February 14, 2022, which is a 371 national stage entry of international application PCT/EP2020/072875, filed on August 14, 2020; and

WHEREAS, **POWER CURVE ApS**, a corporation of Denmark whose post office address is Kastelvej 2, st., 9000 Aalborg, Denmark (hereinafter referred to as "Assignee"), is desirous of securing and confirming its entire right, title, and interest in and to this invention in all countries throughout the world, the above-referenced applications, any Letters Patent to be issued thereon, and any application claiming priority thereto;

NOW THEREFORE, be it known that, for good and valuable consideration, the receipt of which from Assignee is hereby acknowledged, I, as Assignor, have sold, assigned, transferred, and set over, and do hereby sell, assign, transfer, and set over unto the Assignee, its lawful successors and assigns, my entire right, title, and interest in and to this invention, the above-referenced U.S., international, and European applications, all divisions and continuations thereof, all applications for Letters Patent which may hereafter be filed for this invention in the United States and any foreign country, and all Letters Patent which may be granted on this invention in the United States and any foreign country, and all extensions, renewals, and reissues thereof, and all rights to claim priority on the basis of the above-referenced applications; and I hereby authorize and request the Commissioner of Patents and Trademarks of the United States and any official of any foreign country whose duty it is to issue patents on applications as described above, to issue all Letters Patent for this invention to Assignee, its successors and assigns, in accordance with the terms of this Assignment;

AND, I hereby covenant that I have the full right to convey the interest assigned by this Assignment, and I have not executed and will not execute any agreement in conflict with this Assignment;

AND, I hereby further covenant and agree that I will, without further consideration, communicate with Assignee, its successors and assigns, any facts known to myself respecting this invention, and testify in any legal proceeding, sign all lawful papers when called upon to do so, execute and deliver any and all papers that may be necessary or desirable to perfect the title to this invention in said Assignee, its successors or assigns, execute all non-provisional, divisional, continuation, and reissue applications, make all rightful oaths and generally do everything possible to aid Assignee, its successors and assigns, to obtain and enforce proper patent protection for this invention in the United States and any foreign country, it being understood that any expense incident to the execution of such papers shall be borne by the Assignee, its successors and assigns.
