THIS ASSIGNMENT is made the eighteenth day of September Two Thousand and twenty

BETWEEN

David Gahan of 224 Busby Park House, Templeogue Road, Terenure, Dublin 6W, Ireland,
(hereinafter called "the Inventor") of the first part

AND

Impedans Ltd of Chase House, City Junction Business Park, Northern Cross, Dublin 17,
D17 AK63, Ireland, (hereinafter called "the Assignee") of the other part

WHEREAS the Inventor claims to be a first and true inventor of an invention relating to
"Apparatus for Ion Energy Analysis of Plasma Processes" (hereinafter called "the
Invention"), which is described and claimed in EP application No. 20195445.0 filed on 10
September 2020 in the name of the Assignee

AND WHEREAS the Inventor had agreed with the Assignee to formally assign and transfer
unto the Assignee all right title and interest of the Inventor in and to the said invention
and all rights and powers to apply for Patents for the invention in every country of the
World with the intention that any such applications for patents and any resultant Patents
granted thereon shall vest absolutely in the Assignee.

1. **NOW THIS DEED WITNESSETH** that in pursuance of the said Agreement
and in consideration of the sum of €10 paid to the Inventor by the Assignee at or before

the signing of these presents (the receipt whereof the Inventor hereby acknowledge) the Inventor hereby assign to the Assignee absolutely the invention, any existing improvements therein or modifications thereof, and any know-how, copyright and design relating thereto together with all rights and interest in the same and all rights and powers to make application for Patent in the name of the Assignee or in the name of its nominee, in any country of the World in respect of the Invention or improvements therein or modifications thereof, together with all rights and benefits arising therefrom, including the right to priority, under the International Convention for the Protection of Industrial Property.

2. The Inventor hereby covenants with the Assignee as follows:

(i) That the Inventor (so far as necessary) permit and enable the Assignee to apply for and will take all reasonable steps to assist the Assignee or its nominee in obtaining the grant of patent or like protection in respect of the Invention hereinbefore assigned in any territory as may be required by Assignee

(ii) That the Inventor will at the request and cost of the Assignee execute such documents, and do all such acts and things as may be necessary for the purpose of sub-paragraph (i) hereof and for vesting any relevant inventions, application for patent, patent, know-how, copyright or design in the Assignee or its nominee absolutely.

IN WITNESS WHEREOF the parties hereto have executed these presents the day and year first herein written.
