ASSIGNMENT AGREEMENT

This Assignment Agreement ("Assignment") is entered into by and between CARKMH, LLC, an Oregon limited liability company, ("Assignee"), and ENSERION, LLC, a Wyoming limited liability company, ("Assignor," and collectively the "Parties"). The Assignment is effective upon execution by the Assignor or its authorized representative ("Effective Date").

WHEREAS, Assignor is the owner of U.S. Patent Number 10,216,904 entitled, "Cloud-assisted rehabilitation methods and systems for musculoskeletal conditions," filed on April 15th, 2015, and issued on February 26th, 2019 (the "'904 Patent"), and U.S. Patent Application Number 16/245,887 (the "'887 Application," and collectively with the '904 Patent the "Portfolio");

WHEREAS, Assignee desires to acquire all rights, title, and interest to the Portfolio;

WHEREAS, Assignor desires to assign to Assignee all rights, title, and interest in and to the Portfolio; and

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor and Assignee hereby agree as follows:

1. Assignor assigns its entire worldwide right, title, and interest in the invention and the Portfolio to Assignee, for the entire term of any patent in the Portfolio, including any reissues or reexaminations of any patent in the Portfolio, for the entire terms of any patents, reissues, reexaminations, or extensions that may issue from foreign applications, divisions, continuations in whole or part or substitute applications filed claiming the benefit of any patent in the Portfolio. The right, title and interest conveyed in this Assignment is to be held and enjoyed by Assignee as fully and exclusively as it would have been held and enjoyed by Assignor had this assignment not been made. The rights transferred include, without limitation, all rights granted to the sole owner of a patent under Title 35 of the United States Code, such as the right to prosecute, and receive all damages, royalties, awards and compensation for past, present and/or future infringement, and the right to use, make, sell, offer to sell, and/or import goods and/or services related to the Portfolio.
2. Assignor further agrees to:
 - i. provide all documents in Assignor's possession related to the invention and the Portfolio within sixty (60) calendar days of executing this Assignment;
 - ii. execute, verify, acknowledge, and deliver all oaths, instruments of transfer, applications, and/or other papers necessary or desirable to completely vest the entire

right, title and interest to the Portfolio with Assignee alone; and

- iii. perform such other acts as Assignee lawfully may request to obtain or maintain the Portfolio and any applications and registrations for the invention in any country.
- 3. Assignor represents and warrants that it has the authority to assign the entire invention and Portfolio to Assignee.
- 4. Assignor represents and warrants that Assignor has no knowledge of facts or circumstances which would prevent Assignor's actions under the terms of this Assignment.

The undersigned having read this Assignment, and fully understanding the provisions of this Assignment, hereby execute this Assignment as of the Effective Date.
