RELEASE OF SECURITY INTEREST IN PATENTS

February 25, 2022

WHEREAS, pursuant to that certain Patent Short Form Security Agreement, dated as of December 3, 2020 (the "Patent Security Agreement"), recorded in the United States Patent and Trademark Office ("USPTO") on December 3, 2020 under Reel/Frame 054630/0714, by UTEX INDUSTRIES, INC. (the "Borrower" or the "Releasee") to ALTER DOMUS (US) LLC, as collateral agent ("Releasor"), the Releasee granted to Releasor, for the benefit of the Secured Parties (as defined in the Security Agreement), a continuing security interest in all of its right, title and interest in, to and under all of the Releasee's letters patent of the United States, all registrations and recordings thereof, and all applications for letters patent of the United States, including registrations, recordings and pending applications in the USPTO, including those listed on Schedule A, and all reissues, continuations, divisions, continuations-in-part, renewals or extensions thereof, and the inventions disclosed or claimed therein, including the right to make, use and/or sell the inventions disclosed or claimed therein (collectively, the "Patent Collateral"); and

WHEREAS, the Releasee has requested, and Releasor has agreed to execute, acknowledge and deliver, this Release of Security Interest in Patents (this "Release") to terminate the Patent Security Agreement and confirm the release, relinquishment and discharge of its continuing security interest in, to and under the Patent Collateral.

NOW, THEREFORE, in consideration of and in exchange for good and valuable consideration, the sufficiency and receipt of which are hereby acknowledged, Releasor hereby agrees as follows:

Release of Security Interest. Releasor hereby, without any representation or warranty of any kind and without any recourse to Releasor, terminates the Patent Security Agreement and hereby terminates, releases, relinquishes and discharges all of its lien on and security interest in, to and under the Patent Collateral and transfers and assigns to the Releasee any and all right, title or interest Releasor may have in, to and under the Patent Collateral.

The Releasor hereby authorizes the Releasee, or the Releasee's authorized representatives, to record this Release with the USPTO and/or any other applicable governmental office or agency. The Releasor further agrees to execute and deliver to the Releasee any and all further documents and instruments, and do any and all further acts which the Releasee (or their agents or designees) reasonably request, at the Releasee's sole cost and expense, in order to confirm this Release of Security Interest in Patents and the Releasee's right, title, and interest in or to the Patent Collateral.

THIS RELEASE AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES HEREUNDER SHALL BE GOVERNED BY, AND SHALL BE CONSTRUED AND ENFORCED IN ACCORDANCE WITH WITHOUT REGARD TO CONFLICT OF LAWS PRINCIPLES THEREOF THAT WOULD RESULT IN THE APPLICATION OF ANY LAW OTHER THAN THE LAW OF THE STATE OF NEW YORK (OTHER THAN ANY MANDATORY PROVISIONS OF LAW RELATING TO THE LAW GOVERNING PERFECTION AND THE EFFECT OF PERFECTION OF THE SECURITY INTEREST).

Capitalized terms used in this Release and not otherwise defined herein have the meanings specified in the Patent Security Agreement.
