## ASSIGNMENT

WHEREAS I, Henry PILLIERE of Artenay, France; ("Assignor") have invented certain new and useful improvements, entitled **APPARATUSES AND METHODS FOR COMBINED SIMULTANEOUS ANALYSES OF MATERIALS** for which invention I have executed an application for Letters Patent in the United States that was filed on 12/14/2021 with the U.S. Patent and Trademark Office as Serial No. 17/550,440, the application arising out of European application number EP 20306695.6, filed on Dec. 24, 2020, which discloses and identifies the invention.

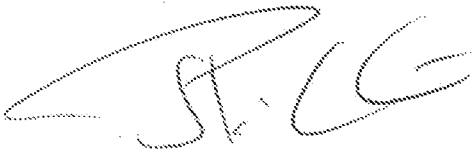

Whereas, **INEL S.A.S.**, a limited liability company formed in France, having a place of business at 71 Rue d'Orléans, 45410 Artenay, France, (the "Assignee") is desirous of acquiring the entire right, title, and interest in and to said invention, said application and the Letters Patents to be obtained therefor.

Now, therefore, for good and valuable consideration, the receipt and sufficiency whereof are hereby acknowledged, I hereby sell, assign, and set over unto the Assignee and the Assignee's successors, assigns, and designees, the entire right, title, and interest in and to said invention, said application, and the Letters Patent, both foreign and domestic, that may or shall issue thereon; and I do hereby authorize and request the Commissioner of Patents to issue said Letters Patent to the Assignee.

I hereby authorize the Assignee or its legal representative to insert in this instrument the filing date and serial number of my said application or any other information that may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.

Upon said consideration, I convey to the Assignee the right to make application in its own behalf for protection of said invention in countries foreign to the United States and where expedient to claim under the International Convention or other international arrangement for any such

application the date of said United States application (or other application if any there be) in priority to other applications; and I do hereby covenant and agree with the Assignee that I will not execute any writing or do any act whatsoever conflicting with my obligations set forth in this instrument, and that I will at any time upon request, at the expense of the Assignee, execute such additional assignments and other writings and do such additional acts as the Assignee may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, renewal, continuation, continuation-in-part, reissued or extended Letters Patent of the United States or of any and all foreign countries on said invention, and in enforcing any rights or chose in action accruing as a result of such application or patents, by giving testimony in any proceedings or transactions involving such application or patents, and by executing preliminary statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind, and inure to the benefit of the assigns and legal representatives of both parties. I hereby agree that the transfer of rights made by this instrument is effective as of the filing date of the application written above.
