## ASSIGNMENT and DECLARATION

The undersigned, Ole Vidar Jonsjord  
Kjetil Halset  
Steinar Saugerud

(hereafter designated as Assignors) having made an invention entitled,

"A subsea deployable installation and workover control system skid and method of installation thereof"

for which a Norwegian patent application was filed on 9 September 2019 and assigned Application No. 20191082,

for good and valuable consideration, the receipt and sufficiency are hereby acknowledged, hereby assigns, transfers and sets over to the company

FMC Kongsberg Subsea AS  
P.O.Box 1012  
N-3601 KONGSBERG  
Norway

(hereafter designated as The Assignee) the Assignors' entire right, title and interest in and to said invention and in and to said application, including any and all priority rights derived therefrom, and in and to all patents and the like which may be granted upon said application or upon any application which is based upon or claims priority from said application, and in and to all patents and the like which may be granted for said invention.

The undersigned authorizes the Assignee to execute on his behalf any papers necessary in connection with the filing and prosecution of the applications, including continuation, divisional, and reissue applications, and with the obtaining or grant of valid patents, including patents of addition, confirmation, registration and importation, to the Assignee, and also agrees to execute and deliver any such papers at any time upon the request and at the expense of the Assignee, and to make all rightful oaths and do all lawful acts requisite for procuring said patents, and authorizes and requests issuance of the patents to the Assignee, and covenants that he has full right to convey the entire interest herein assigned and has not executed and will not execute any agreement in conflict herewith.

The undersigned agrees that with respect to the authorization and agreements referred to above, any reference to The Assignee also comprises any successor, assignee or other legal representative of the Assignee.

With respect to any US patent application which claims priority from the above-identified Norwegian patent application or is based upon the above-identified International patent application, the undersigned hereby declares that: (1) the above-identified Norwegian or International patent application was made or authorized to be made by me; and (2) I believe that I am the original inventor or an original joint inventor of a claimed invention in said application. The undersigned acknowledges that any willful false statement made herein is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.

The undersigned hereby authorizes and requests my attorney, Henry Query (Reg. No. 35,650) of Henry Query, P.C., to insert here in parentheses (Country US Application number 17/641,796, filed 03/09/2022) the Country, application number and filing date of said applications when said information becomes known.

The undersigned accepts all the above obligations independently of any counter-claim against the Assignee.
