**PATENT ASSIGNMENT**

**WHEREAS, WE**

- (1) David Meyer; and
- (2) Guglielmo Montone

have invented certain new and useful improvements in an invention titled:

**Real-time AI-based quality assurance for semiconductor production machines**

for which U.S. Serial No. 63/166,744 was filed on March 26, 2021, and for which a utility patent application is being filed concurrently; and

**WHEREAS**, LYNCEUS SAS, a simplified joint-stock company organized and existing under French law and having its principal place of business at 96bis Boulevard Raspail, Paris, France 75006 (hereinafter referred to as "Assignee"), is desirous of acquiring the entire interest in, to and under the invention and the United States Letters Patent to be obtained for the invention:

**NOW, THEREFORE:**

Be it known that in consideration of the payment by Assignee to me of good and valuable consideration, the receipt of which is hereby acknowledged, I, the above named, hereby sell, assign and transfer to Assignee my full and exclusive right, title and interest to said invention and all Letters Patent of the United States to be obtained therefor on said patent or any patent applications, continuations, divisions, renewals, reexaminations, substitutes or reissues thereof for the full term or terms for which the same may be granted.

I further assign to Assignee all of my right, title and interest in and to said invention in all foreign countries, and all applications for Letters Patent that may evolve therefrom, including the right to claim International Convention priority.

I further covenant that Assignee will, upon its request, be provided promptly with all pertinent facts and documents relating to said application, said invention and said Letters Patent as may be known and accessible to me and I will testify as to the same in any matter related thereto and will promptly execute and deliver to Assignee or its legal representative any and all papers, instruments or affidavits required to apply for, obtain, maintain and enforce said applications, said invention and said Letters Patent that may be necessary or desirable to carry out the purposes hereof.

This assignment is effective, now for then, as of March 26, 2021.
