Patent Assignment

This assignment of patent rights ("Assignment") shall be effective as of 17 March, 2022 (the "Effective Date").

For good and valuable consideration, the receipt of which is hereby acknowledged, **Radio Frequency Systems, Inc.**, a corporation organized under the laws of the State of Delaware, having registered office at 200 Pondview Drive, Meriden, CT 06450, United States ("**Assignor**") does hereby sell, assign, transfer, and convey unto **Nokia Shanghai Bell Co., Ltd.**, a corporation organized under the laws of China, having its registered office at 388 Ning Qiao Road, China (Shanghai) Pilot Free Trade Zone, Shanghai, 201206, China (the "**Assignee**"), all right, title, and interest that exist today and may exist in the future in and to any and all of the following (collectively, the "**Patent Rights**");

(a) all patents and patent applications listed in the table below in Schedule 1 (each a "**Listed Patent**", collectively the "**Listed Patents**");

(b) all reissues, reexaminations, continuations, continuations-in-part, divisionals, renewals and extensions of such Listed Patents;

(c) all patents and patent applications (i) to which any Listed Patent directly or indirectly claims priority to, or the benefit of, the filing date, or (ii) for which any Listed Patent directly or indirectly forms a basis for priority or otherwise provides the benefit of an earlier filing date;

(d) all foreign counterparts to any or all of the foregoing; all of (b), (c) and (d) above irrespective of whether pending, Issued, abandoned or filed prior to, on or after the Effective Date;

(e) inventions, invention disclosures, and discoveries claimed in any of the Listed Patents and/or any item in the foregoing categories (b) through (d); and

(f) all rights to apply in any or all countries of the world for patents, certificates of invention, utility models, or other governmental grants or issuances of any type related to any item in any of the foregoing categories (a) through (e), including, without limitation, under the Paris Convention for the Protection of Industrial Property, the International Patent Cooperation Treaty, or any other convention, treaty, agreement, or understanding.

Assignor hereby authorizes the respective patent office or governmental agency in each jurisdiction to issue any and all patents, certificates of invention, utility models or other governmental grants or issuances that may be granted upon any of the Patent Rights in the name of Assignee, as the assignee to the entire interest therein.

At the request of Assignee, and without further consideration, Assignor will execute or have executed and deliver such other instruments of sale, transfer, assignment, and other confirmation and take such other action that are necessary in order to sell, transfer, and assign effectively to Assignee the Patent Rights and to allow Assignee to perfect and record those sales, transfers, and assignments.

The terms and conditions of this Assignment will inure to the benefit of Assignee, its successors, assigns, and other legal representatives and will be binding upon Assignor, its successors, assigns, and other legal representatives.
