A S S I G N M E N T

WHEREAS, MYOS RENS TECHNOLOGY INC., a Nevada Corporation, herein after referred to as the Assignor, is the Assignor of certain rights of certain inventions or improvements for applications for Letters Patent of the United States, the Patent Cooperation Treaty and Issued U.S. Patents as identified in Schedule A attached hereto; and

WHEREAS, MYOS CORP., a Delaware Corporation, hereinafter referred to as the Assignee, is desirous of acquiring the entire right, title and interest in and to the said inventions or improvements and in and to the said applications, and in, to and under any and all Letters Patents which may be granted on or as a result thereof in any and all countries and to all Issued Patents as identified in Schedule A attached hereto; and

NOW, THEREFORE, for and in consideration of good and valuable consideration by said Assignee, the receipt of which is hereby acknowledged, the said Assignor, has sold, assigned, transferred and set over, and by these presents does hereby sell, assign, transfer and set over, to said Assignee, the entire right, title and interest in and to said inventions or improvements and said applications and any and all continuations, divisions and renewals of and substitutes for said applications, and in, to and under any and all Letters Patent which may be granted on or as a result thereof in the United States and any and all other countries, and any re-issue or re-issues or extension or extensions of said Letters Patent, and assign to and authorize said Assignee to file in Assignor's name applications for Letters Patent in all countries, the same to be held and enjoyed by said Assignee, its successors, assigns, nominees or legal representatives, to the full end of the term or terms for which said Letters Patent respectively may be granted, reissued or extended, as fully and entirely as the same would have been held and enjoyed by Assignor had this assignment, sale and transfer not been made.

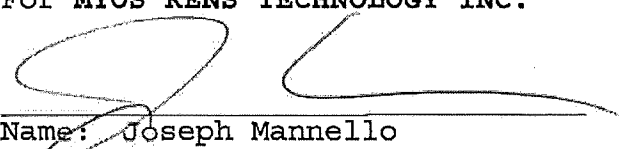

AND hereby covenants that Assignor has full right to convey the entire interest herein assigned, and has not executed and will not execute any agreement in conflict herewith, and further covenants and agrees that each time request is made and without undue delay, execute and deliver all such papers as may be necessary or desirable to perfect the title to said inventions or improvements, said applications and said Letters Patent to said Assignee, its successors, assigns, nominees or legal representatives, and agrees to communicate to said Assignee, or to its nominee all known facts respecting said inventions or improvements, said applications and said Letters Patents, to testify in any legal proceedings, to sign all lawful papers, to execute all disclaimers and divisional, continuing, reissue and foreign applications,

to make all rightful oaths, and generally to do everything possible to aid said Assignee, its successors, assigns, nominees and legal representatives to obtain and enforce for its or their own benefit proper patent protection for said inventions or improvements in any and all countries.

AND hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States and any official of any country or countries foreign to the United States whose duty it is to issue patents of applications as aforesaid, to issue to said Assignee, as Assignee of the entire right, title and interest, any and all Letters Patent for said inventions or improvements, including any and all Letters Patent of the United States which may be issued and granted on or as a result of the applications and Issued Patents aforesaid, in accordance with the terms of this assignment.

IN WITNESS WHEREOF, the Assignor hereto has caused this Assignment to be executed by its duly authorized officer as of the date below.
