PATENT ASSIGNMENT AND AGREEMENT

For value received, I, James Warren of 7103 Dijon Court, Alexandria, Virginia 22315 hereby sell, assign and transfer to ENGINUITY POWER SYSTEMS, INC and its successors, assigns and legal representatives, the entire right, title and interest, for the United States of America and worldwide, in and to certain inventions described in the patents and patent applications listed in Appendix A, and all the rights and privileges in said patents and patent applications and under any and all Letters Patent that may be granted in the United States for said inventions, including the right to sue for past, present and future damages; I also hereby sell, assign and transfer to ENGINUITY POWER SYSTEMS, INC the entire right, title and interest in and to said inventions for all countries foreign to the United States, including all rights of priority arising from the patents and patent applications aforesaid, and all the rights and privileges under any and all forms of protection, including Letters Patent, that may be granted in said countries foreign to the United States for said inventions; and I also hereby sell, assign and transfer and all right to bring suit and recover past, present or future damages arising from said inventions.

I authorize **ENGINUITY POWER SYSTEMS**, **INC** to make application for such protection in its own name and maintain such protection in any and all countries foreign to the United States, and to invoke and claim for any application for patent or other form of protection for said inventions, without further authorization from me, any and all benefits, including the right of priority provided by any and all treaties, conventions, or agreements.

I hereby consent that a copy of this assignment shall be deemed a full legal and formal equivalent of any document which may be required in any country in proof of the right of **ENGINUITY POWER SYSTEMS**, **INC** to apply for patent or other form of protection for said inventions and to claim the aforesaid benefit of the right of priority.

I request that any and all patents for said inventions be issued to ENGINUITY POWER SYSTEMS, INC in the United States and in all countries foreign to the United States, or to such nominees as ENGINUITY POWER SYSTEMS, INC may designate.

I agree that, when requested, I shall, without charge to ENGINUITY POWER SYSTEMS , INC but at its expense, sign all papers, and do all acts which may be necessary, desirable or convenient in connection with said applications, patents, or other forms of protection.
Signed:
James Warren
