AND WHEREAS Psilo Scientific Ltd. (hereinafter the "Assignee"), a corporation formed under the laws of British Columbia whose full post office address is 4506 Bellevue Drive, Vancouver, British Columbia, V6R 1E3, is desirous of acquiring the entire right, title and interest in and to said inventions or improvements, and in and to said applications, and in, to and under any and all Letters Patent which may be granted on or as a result thereof in any and all countries;

NOW THEREFORE, in consideration of the sum of ELEVEN DOLLARS (\$11) paid to each Assignor, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Assignors confirm that they have and do hereby, sell, assign, transfer and set over to the Assignee the entire right, title and interest in and to said inventions or improvements, and said applications, and any and all continuations, divisions, renewals of or substitutes for said applications, and in, to and under any and all Letters Patent which may be granted on or as a result thereof, and any reissue or reissues of said Letters Patent; and the right to claim priority from said applications, and the Assignors assign to and authorize the Assignee to file in the Assignors' names applications for Letters Patent for said inventions or improvements in all countries, the same to be held and enjoyed by the Assignee, its successors, assigns, nominees or legal representatives, to the full end of the term or terms for which said Letters Patent respectively may be granted, reissued or extended;

AND the Assignors hereby covenant that they have full right to convey the entire interest herein assigned, and that the Assignors have not executed and will not execute any agreement in conflict herewith, and the Assignors further covenant and agree that they will, each time request is made and without undue delay, execute and deliver all such papers as may be necessary or desirable to perfect the title to said inventions or improvements, said applications and said Letters Patent in the Assignee, its successors, assigns, nominees or legal representatives, and the Assignors agree to communicate to the Assignee, or its nominees, all known facts respecting said inventions or improvements, said applications and said Letters Patent, to testify in any legal proceedings, to sign all lawful papers, to execute all disclaimers and divisional, continuing, reissue and foreign applications, to make all rightful oaths, and generally to do everything possible to aid the Assignee, its successors, assigns, nominees and legal representatives to obtain and enforce for its or their own benefit, proper patent protection for said inventions or improvements in any and all countries, all at the expense, however, of the Assignee or its successors, assigns, nominees or legal representatives;

AND the Assignors hereby authorize and request the Director of the U.S. Patent and Trademark Office and any official of any country or countries foreign to the U.S. whose duty it is to issue patents on applications as aforesaid, to issue to the Assignee, as assignee of the entire right, title and interest, any and all Letters Patent for said inventions or improvements, which may be issued and granted on or as a result of the applications aforesaid, in accordance with the terms of this Assignment.
