PATENT

REEL: 059503 FRAME: 0985

ASSIGNMENT

WHEREAS, we, **Paul Dagum, Joerg C. Student, Nathan Whipple, and Jonathan I. Kaplan** (“Assignors”), have invented certain inventions described in the following patent applications:

1. U.S. Provisional Patent Application No. 63/244,080, filed September 14, 2021, and titled: “A Method And System For The Non-Invasive Assessment Of A Molecular Analysis Or Neuroimaging Marker Of Neurodegeneration From A Wearable Device”; and
2. U.S. Non-Provisional Patent Application No. 17/713,329, filed April 5, 2022, and titled: “Non-Invasive Assessment Of Glymphatic Flow And Neurodegeneration From A Wearable Device”.

WHEREAS, I authorize the attorney of record to update this document to include Patent Office information as deemed necessary (i.e., filing date, application number, etc.);

WHEREAS, Applied Cognition, Inc. (“Assignee”), a corporation organized and existing under the laws of the State of Delaware, having offices located at 12390 Hilltop Drive, Los Altos Hills, California 94024, is desirous of obtaining the entire right, title, and interest in, to and under the said inventions and the said applications in the United States of America and in any and all countries foreign thereto;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I have sold, assigned, transferred and set over, and by these presents do hereby sell, assign, transfer and set over, unto the said Assignee, its successors, legal representatives, and assigns, the entire right, title, and interest in, to and under the said inventions, and the said applications, including all divisional, renewal, substitutional, and continuing applications thereof, and all Letters Patent of the United States of America which may be granted thereon and all reissues and extensions thereof, all applications for Letters Patent which may be filed for said inventions in any country or countries foreign to the United States of

America, including all divisional, renewal, substitutional, continuing applications and reissue and extension patents thereof, all prior patents and patent applications from which a filing priority of the above-described patent application may be obtained, and the right to collect past damages on the foregoing patents; and I hereby authorize and request the Commissioner of Patents of the United States of America, and any official of any country or countries foreign to the United States of America, whose duty it is to issue patents on applications as aforesaid, to issue all Letters Patent for said inventions to the said Assignee, its successors, legal representatives and assigns, in accordance with the terms of this instrument.

AND I HEREBY covenant that I have the full right to convey the entire interest herein assigned, and that I have not executed, and will not execute, any agreement in conflict herewith.

AND I HEREBY further covenant and agree that I will communicate to said Assignee, its successors, legal representatives and assigns, any facts known to me respecting said inventions, and testify in any legal proceedings, sign all lawful papers, execute all divisional, renewal, substitutional, continuing, and reissue applications, make all rightful declarations and/ or oaths and generally do everything possible to aid the said Assignee, its successors, legal representatives and assigns, to obtain and enforce proper patent protection for said inventions in all countries.
