ASSIGNMENT

This ASSIGNMENT ("Assignment"), effective as of April 1, 2022, is made and entered into by and among the following (each a "Party" and collectively, the "Parties"):

(1) Scientific Games Holdings Limited, a company incorporated in England and Wales ("Assignor"); and

(2) Scientific Games, LLC, a limited liability company organized and existing under the laws of Delaware ("Assignee").

Capitalized terms used herein but not otherwise defined herein shall have the meanings set forth in the EPA (as defined below).

WHEREAS, Scientific Games Corporation, a Nevada corporation ("SG CORP") and BCP Acquisitions LLC, a Delaware limited liability company ("Buyer"), have entered into a certain Equity Purchase Agreement, dated as of October 27, 2021 (the "EPA"), pursuant to which Buyer or certain of its Affiliates agreed to purchase from SG CORP and its Affiliates, and SG CORP and its Affiliates agreed to sell to Buyer or such Affiliates, the Transferred Equity Interests and other assets, on the terms and subject to the conditions set forth in in the EPA (the "Acquisition");

WHEREAS, Scientific Games Holdings Limited, (Assignor) is an Affiliate of SG CORP;

WHEREAS, Scientific Games Holdings Limited, (Assignor) is the successor in interest to GameLogic Inc.;

WHEREAS, Scientific Games, LLC., (Assignee) will be transferred to Buyer in connection with the Acquisition;

WHEREAS, in connection with the Acquisition, SG CORP, on behalf of itself and its Affiliates (including Assignor), has agreed to sell, transfer and assign to Assignee, and Assignee has agreed to acquire, all of their right, title, and interest in and to certain Assigned Patents and Patent Applications (as defined below).

NOW, THEREFORE, for good and valuable consideration, including the premises and covenants set forth in the EPA, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

Section I. Assignment of Intellectual Property. Assignor hereby irrevocably sells, assigns, transfers and conveys to Assignee, and Assignee hereby accepts the sale, assignment, transfer and conveyance of, all of Assignor's worldwide right, title and interest in, to and under the US pending Patent applications and issued Patents set out in the attached Schedule A and the foreign pending Patent applications and issued Patents set out in the attached Schedule B (the "Assigned Patents and Patent Applications"), together with, as applicable, (i) all patents that have been or may be granted thereon and all applications for patent in the United States and all foreign countries, (ii) all inventions claimed therein, (iii) all rights derived from the Assigned Patents and Patent Applications, (iv) all continuations, continuations-in-part, divisions, reissues, re-examinations, extensions, designs, supplementary protection certificates, substantively identical patent specifications, and foreign equivalents thereof (v)

all rights therein provided by international conventions and treaties, (vi) the right, if any, to claim priority based on the filing dates of the Assigned Patents and Patent Applications under any applicable law in the United States or any foreign country, including any treaties, (vii) the rights to sue, recover damages and obtain equitable relief and all other remedies for past, present and future infringement, misappropriation, dilution or other violation thereof, (viii) all rights to collect past and future income, royalties, damages and other payments now or hereafter due or payable under or on account of any of the Assigned Patents and Patent Applications, (ix) the right to file, register, prosecute, maintain and defend the Assigned Patents and Patent Applications before any public or private agency, government, office or registrar, (x) all rights in any and all provisional applications and all inventions claimed therein and (xi) the right to fully and entirely stand in the place of Assignor or its Affiliates, as applicable, in all matters related to the Assigned Patents and Patent Applications. This foregoing assignment is intended to be an absolute assignment and not by way of security.

Section 2. Further Assurances. Assignor shall, upon reasonable request of Assignee and at Assignee's expense, provide to Assignee, Assignee's successors, assigns or other legal representatives, all such reasonable cooperation and assistance (including, without limitation, the timely execution and delivery of any and all affidavits, declarations, oaths, samples, exhibits, specimens, assignments or other documentation) and take such other reasonable actions as may be necessary or desirable to record, memorialize or perfect Assignee's right, title and interest in, to and under the Assigned Patents.

Section 3. Due Authorization. To the extent applicable, Assignor hereby authorizes and requests the Commissioner for Patents of the United States Patent and Trademark Office and any other official of any applicable Governmental Entity to issue any and all Patents from any and all of the Assigned Patents and Patent Applications to and in the name of Assignee.

Section 4. Governing Law. This Assignment, and all matters, claims, controversies, disputes, suits, actions or proceedings arising out of or relating to this Assignment and the negotiation, execution or performance of this Assignment or any of the transactions contemplated hereby, including all rights of the Parties (whether sounding in contract, tort, common or statutory law, equity or otherwise) in connection therewith shall be interpreted, construed and governed by and enforced pursuant to the laws of the State of Nevada, without regard to the conflicts of law rules of such state.

Section 5. General Provisions. This Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement. A signed copy of this Assignment delivered by facsimile, e-mail or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Assignment. This Assignment is entered into pursuant to the EPA. To the extent of any conflict between this Assignment and the EPA, the EPA will govern. This Assignment is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

[Signature Page Follows]

IN WITNESS WHEREOF, each party has caused this Assignment to be executed by its duly authorized representative as of the date first written above.
