ASSIGNMENT

This Assignment (the "Assignment") is entered into by and between Shenzhen Minicute Technology Co. Ltd., of Room 09, Floor 14, Hua Feng Youth Entrepreneurship Base, Jia An Road, Shenzhen City, Guangdong Province, China (the "Assignor"), and Shenzhen Minicute Ergonomic Technology Co., Ltd., of Qianhai Complex A201, Qianwan Road 1, Qianhai Shenzhen-Hong Kong Cooperation Zone, Shenzhen, P.R.China (in Shenzhen Qianhai Commerce Secretariat Co.,Ltd.) (the "Assignee"), (collectively, the "Parties").

Whereas, Assignor is the owner of the entire right, title and interest in and to **U.S. Patent No. 10,694,841 entitled LIFTING DESK**, issued on June 30, 2020, and the inventions disclosed therein (collectively referred to herein as "Assigned Intellectual Property");

Whereas, Assignor is willing to assign, transfer, and convey all of its right, title and interest in the Assigned Intellectual Property (and other rights as more fully set forth below) to Assignee; and

Whereas Assignee, is desirous of acquiring said right, title and interest of Assignor in the Assigned Intellectual Property;

Now, therefore, in consideration of one dollar and the promises contained herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. Assignment

Assignor hereby assigns, transfers, and conveys to Assignee, the Assignor's entire right, title and interest in and to:

- (a) the inventions disclosed in the Assigned Intellectual Property (the "Inventions");
- (b) all patents and patent applications that have been or may later be filed that are based on the Inventions in any country, including the Assigned Intellectual Property and any provisional, non-provisional, divisional, continuation, continuation-in-part, extension, validation, renewal, re-examination, reissue, substitute, supplementary protection certificate, utility model, industrial design, or similar legal protection based on the Inventions (collectively, the "Patents");

- (c) the right to claim priority to any of the Patents under the patent laws of the United States, the International Convention for the Protection of Industrial Property, or any other international agreement or laws of the country in which the Patents are filed, as may be applicable; and
- (d) all rights of action, powers, and benefits arising from ownership of the Patents, including the right to sue for past, present, and future infringement of the Patents, the right to collect royalties, fees, damages, and payments now or later due or payable with respect to the Patents, the right to seek injunctive relief based on the Patents, and the right to pursue all causes of action and all enforcement rights relating to the Patents, whether known or unknown, currently pending or otherwise.

The rights assigned in (a)-(d) above are referred to collectively in this Assignment as the "Assigned Rights."

Assignor hereby authorizes and requests the Director of the United States Patent and Trademark Office, and any corresponding entity, agency, or official of any other country whose duty it is to issue patents or similar legal protection, to issue the Patents to Assignee such that the Patents will be held by Assignee for its own use and benefit, for the full term for which the Patents are or may be granted.

2. Further Assurances

Upon the reasonable request of Assignee, Assignor will execute such documents and perform such acts as may be necessary to give full effect to the terms of this Assignment. Without limiting the generality of the foregoing, Assignor will execute any and all assignments and other documents that may be needed to record, vest, or perfect Assignee's right, title, and interest in and to the Assigned Rights as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment had not been made.

Assignor will cooperate with and assist Assignee with respect to the prosecution of the Patents, including communication to Assignee of any facts known to Assignor relating to the Inventions or any prior art that may be material to patentability of the Inventions. Assignor will also execute any and all declarations, oaths, specifications and other documents requested by Assignee in connection with prosecution of the Patents.

3. Representations, Warranties and Covenants

Assignor hereby represents, warrants and covenants to Assignee that:

- (a) Assignor has the full right and power to enter into and perform its obligations under this Assignment without being in breach of any obligations owed by Assignor to any third party;
- (b) The Assigned Rights are free and clear of any agreement, lien, charge, encumbrance, or other claim or right, either written, oral, or implied, that could reasonably impair, interfere or conflict with the Assigned Rights in this Assignment; and
- (c) Assignor has not assigned, transferred, or otherwise conveyed and will not assign, transfer, or otherwise convey to any third party any right or license under or with respect to the Assigned Rights.

4. Binding Agreement

The provisions of this Assignment are binding upon, and will inure to the benefit of, the Parties hereto and their respective heirs, personal representatives, successors and permitted assigns.

5. Counterparts

This Assignment may be executed in two or more counterparts, each of which shall be deemed to be an original, but all of which together shall constitute one and the same instrument. This Assignment may be executed or delivered by electronic means or methods, including by means of portable document format (PDF), email, facsimile or other electronic means or methods.

In witness whereof, the Parties have executed this Assignment as of the date(s) written below, the Assignment being effective as of the last date of signature.
