ASSIGNMENT

This Assignment made by me, **Steven S. Senia**, residing at 48 Sendero Verde, City of San Antonio, State of Texas, hereinafter referred to as assignor.

WITNESSETH: That,

WHEREAS, I am a joint inventor of certain new and useful improvements in **ROOT CANAL SEALING INSTRUMENT**, for which I am about to make application for Letters Patent of the United States, and for which I have executed a declaration (hereinafter referred to as "Application"), which claims priority to **ROOT CANAL SEALING INSTRUMENT**, U.S. Provisional Patent Application Number 63/228,440, filed on August 2, 2021; and

WHEREAS, **William L. Wildey**, residing at 315 Meadow Pond Court, City of Bridgeport, State of Texas, hereinafter referred to as assignee, is desirous of acquiring the entire right, title and interest in and to said invention as described in the specification executed herewith, and any and all Letters Patent which shall be granted therefor;

NOW, THEREFORE, To All Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I, the assignor, have sold, assigned, transferred and set over unto the assignee, his successors and assigns, my entire right, title and interest in and to the above-mentioned Application and invention and in and to any and all Letters Patent of the United States which may hereafter be granted therefor, and in any and to any and all continuations, continuations-in-part, substitutions, divisions or reissues of said Letters Patent, and provisional patent applications to which the above-mentioned Application claims priority, including U.S. Provisional Patent Application Number 63/228,440, filed on August 2, 2021, the same to be held and enjoyed by the assignee,

for his interest, and for his own use and behalf, and the use and behalf of his successors and assigns, to the full end of the term for which said Letters Patent may be granted as fully and entirely as the same would have been jointly held and enjoyed by me had this assignment and sale not been made.

And for the consideration aforesaid, I hereby covenant and agree to and with the assignee, his successors and assigns, that at the time of the execution and delivery of these presents I am the lawful owner of my entire right, title and interest in and to the invention, Application and Letters Patent above-mentioned and that the same are unencumbered, and that I have good right and lawful authority to sell and convey the same in the manner herein set forth.

And for the consideration aforesaid, I hereby covenant and agree to and with the assignee, his successors and assigns, that I will, whenever his counsel or the counsel of his successors and assigns, learned in the law, shall advise that an amendment, division, continuation, continuation-in-part, or substitution of, or any other proceeding in connection with said Application, including interference proceedings, is lawful and desirable, sign all papers and drawings, take all rightful oaths, and do all acts necessary or required to be done for the procurement of valid Letters Patent for said invention, or for the reissue of the same without charge to the assignee, his successors or assigns, but at his or their expense.

I hereby request the Commissioner for Patents to issue the Letters Patent in accordance with this instrument.

For the consideration aforesaid, I have sold, assigned, transferred and set over, and by these presents do sell, assign, transfer and set over, unto the assignee, his successors, assigns or nominee, my entire right, title and interest in and to any and all Letters Patent for said invention which may be granted in countries foreign to the United States and in and to any applications for

Letters Patent which may be filed for said invention in countries foreign to the United States (including any international patent applications under the Patent Cooperation Treaty) and in and to the invention described in said Application; and I hereby authorize and empower the assignee, his successors, assigns or nominees to apply for Letters Patent or other form of protection on said invention in his own name or in the name of his successor, assignee, or nominee, in any and all countries where he may desire to file such application and where said application may be filed by another than the inventors; and I hereby covenant and agree to sign all papers and drawings, take all rightful oaths, and do all acts necessary or required to be done for procurement of Letters Patent, or other form of protection, for said invention or inventions in countries foreign to the United States, and for further investing or confirming the right and title therein to the assignee, his successors, assignee, or nominee, without charge to the assignee, his successor, assignee or nominee, but at his or their expense.

IN WITNESS WHEREOF, I have hereunto set my hand.
