## CONFIRMATORY ASSIGNMENT OF PATENT APPLICATION

I, **Andrew Larsen Axley**, previously assigned to **Fitbit, Inc.**, a Delaware corporation having a place of business at 199 Fremont St., 14th Fl., San Francisco, CA 94105 ("ASSIGNEE"), all of my rights, title and interest for and in the Invention(s) as set forth in the four patent applications listed below, all of which are entitled "PORTABLE MONITORING DEVICES FOR PROCESSING APPLICATIONS AND PROCESSING ANALYSIS OF PHYSIOLOGICAL CONDITIONS OF A USER ASSOCIATED WITH THE PORTABLE MONITORING DEVICE," by way of an assignment that I executed on March 3, 2014:

US App. No.	Filing Date	Docket Number
14/156,413	1/15/2014	FB-0032
16/017,870	6/25/2018	FB-0032C3
15/016,712	2/5/2016	FB-0032C2
14/221,234	3/20/2014	FB-0032C1

The assignment that I signed on March 3, 2014, had a typographical error in my last name, listing my name as Andrew Cole Axely instead of Andrew Cole Axley. Andrew Cole Axley was my legal name at the time I executed the assignment, but I legally changed my name on February 24, 2017, to Andrew Larsen Axley, which is the name I use below.

In signing this confirmatory assignment, I hereby confirm my March 3, 2014, assignment of rights to the ASSIGNEE. Should my March 3, 2014, assignment of rights to the ASSIGNEE be deemed defective for any reason, I, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, hereby:

- 1) Sell, assign and transfer to the ASSIGNEE, the entire right, title and interest, including the right to claim priority, in the above-referenced applications including any and all improvements and inventions disclosed therein, and in U.S. applications based upon, and U.S. patents granted upon, the above-referenced applications.
- 2) Authorize and request the Commissioner of Patents to issue any and all Letters Patents resulting from said application or any division, continuation, substitute, renewal, re-examination or reissue thereof to the ASSIGNEE.
- 3) Agree to execute all papers and documents and, entirely at the ASSIGNEE's expense, perform any acts which are reasonably necessary in connection with the prosecution of said application, as well as any derivative applications thereof, and/or the enforcement of patents resulting from such applications.
- 4) Agree that the terms, covenants and conditions of this assignment shall inure to the benefit of the ASSIGNEE, its successors, assigns and other legal representative, and shall be binding upon the named inventor, as well as the named inventor's heirs, legal representatives and assigns.
- 5) Warrant and represent that I have not entered, and will not enter into any assignment, contract, or understanding that conflicts with this assignment.

Signed on the date indicated beside my signature.

Signature:  / Date: 8/7/2019  
 Typed Name: Andrew Larsen Axley (formerly Andrew Cole Axley)
