## SUPPLEMENTAL NOTICE OF GRANT OF SECURITY INTEREST IN U.S. PATENTS

This **SUPPLEMENTAL NOTICE OF GRANT OF SECURITY INTEREST IN U.S. PATENTS** (the “IP Security Agreement Supplement”) dated as of April 5, 2022 is made by the Person listed on the signature page hereof (the “Grantor”) in favor of WILMINGTON TRUST, NATIONAL ASSOCIATION, as administrative agent and collateral agent (in such capacities and together with any successors and assigns in such roles, the “Administrative Agent”) for the Secured Parties.

WHEREAS, Alchemy US Holdco 1, LLC, a Delaware limited liability company, Kymera International, LLC (formerly known as Alchemy International Holdings, LLC), a Delaware limited liability company, Alchemy US Intermediate Holdco, LLC, a Delaware limited liability company, each lender from time to time party thereto (collectively, the “Lenders” and individually, each a “Lender”) and the Administrative Agent (as successor to Goldman Sachs Bank USA in such capacity) have entered into a Term Loan Credit Agreement dated as of October 10, 2018 (as amended, restated, amended and restated, supplemented, replaced, refinanced or otherwise modified from time to time (including any increases of the principal amount outstanding thereunder), the “Term Loan Credit Agreement”);

WHEREAS, as a condition precedent to the making of the Loans by the Lenders from time to time, the entry into Secured Hedge Agreements by the Hedge Banks from time to time and the entry into Secured Cash Management Agreements by the Cash Management Banks from time to time, the Grantor has executed and delivered or otherwise become bound by that certain U.S. Security Agreement dated as of October 10, 2018 (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “Security Agreement”); and

WHEREAS, under the terms of the Security Agreement, the Grantor has agreed to grant to the Administrative Agent, for the benefit of the Secured Parties, a security interest in, among other property, any after-acquired intellectual property collateral of the Grantor, and has agreed in connection therewith to execute this IP Security Agreement Supplement for recording with the United States Patent and Trademark Office.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor agrees as follows:

Section 1. Definitions. Capitalized terms used in this IP Security Agreement Supplement and not otherwise defined herein shall have the meanings ascribed to such terms in the Term Loan Credit Agreement or the Security Agreement, as applicable.

Section 2. Grant of Security. As security for the payment or performance, as the case may be, in full, of the Secured Obligations, the Grantor hereby grants to the Administrative Agent, for the benefit of the Secured Parties, a security interest in all of the Grantor’s right, title and interest in and to the following to the extent governed by, arising under, pursuant to, or by virtue of, the Laws of the United States of America or any state thereof (the “Additional Collateral”):

(a) all patents, patent applications, utility models, statutory invention registrations and all inventions, including those claimed or disclosed therein and all improvements thereto (“Patents”);

(b) all registrations and applications for registration for any of the foregoing in the United States Patent and Trademark Office, including, without limitation, the registrations and applications for registration of United States intellectual property set forth in Schedule I hereto, together with all reissues, divisions, continuations, continuations-in-part, extensions, renewals and reexaminations thereof; and

(c) any and all claims for damages and injunctive relief for past, present and future infringement, dilution, misappropriation, violation, misuse or breach with respect to any of the foregoing, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages;

*provided*, that notwithstanding anything to the contrary contained in the foregoing clauses (a) through (c), the security interest created hereby shall not extend to, and the term "Collateral" shall not include, any Excluded Assets.

Section 3. Security for Obligations. The grant of a security interest in the Additional Collateral by the Grantor under this IP Security Agreement Supplement secures the payment of all Secured Obligations of the Grantor now or hereafter existing under or in respect of the Secured Documents (as such Secured Documents may be amended, restated, amended and restated, supplemented, replaced, refinanced or otherwise modified from time to time (including any increases of the principal amount outstanding thereunder)).

Section 4. Recordation. Each Grantor authorizes and requests that the Commissioner for Patents and any other applicable government officer record this IP Security Agreement Supplement with the United States Patent and Trademark Office.

Section 5. Execution in Counterparts. This IP Security Agreement Supplement may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this IP Security Agreement Supplement by facsimile or in .pdf or similar format by electronic mail shall be effective as delivery of an original executed counterpart of this IP Security Agreement Supplement.

Section 6. Grants, Rights and Remedies. This IP Security Agreement Supplement has been entered into in conjunction with the provisions of the Security Agreement. The Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Administrative Agent with respect to the Additional Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this IP Security Agreement Supplement and the terms of the Security Agreement, the terms of the Security Agreement shall govern.

Section 7. Governing Law. This IP Security Agreement Supplement shall be governed by, and construed in accordance with, the law of the State of New York.

[Remainder of the page intentionally left in blank.]

**IN WITNESS WHEREOF**, the Grantor and the Administrative Agent have caused this IP Security Agreement Supplement to be duly executed and delivered by its officer thereunto duly authorized as of the date first written above.
