and for other valuable and sufficient consideration, receipt whereof is hereby acknowledged, I:

William K. Holmes

confirm my obligation to and hereby sell, assign and convey, unto Assignee, its successors and assigns, my entire right, title and interest

(1) in and to inventions described in a patent application titled SYSTEM AND METHOD FOR DISPENSING ORDERS the specification of which was filed with my authority on January 17, 2019 as International Patent Application No. PCT/US2019/014017 (Atty. (2) in and to the PCT application and the U.S. provisional patent application, in and to all other U.S. patent applications (including PCT national phase, divisional, continuation, continuation-in-part, §111(b) provisional, §111(a), and reissue applications) based upon said inventions or claiming the benefit of the PCT application, or the U.S. provisional patent application, and in and to the patent or patents to be granted thereon, to the full end of the term or terms for which said patent or patents may be granted.

(3) in and to all patent applications on said invention now or hereafter filed in countries foreign to the United States of America, including foreign applications entering the national phase of the PCT application, and in and to any and all patents granted on said applications to the full end of the terms for which said patents may be granted; and
