PATENT APPLICATION AND INVENTION ASSIGNMENT

In consideration of good and valuable consideration, the receipt of which is hereby acknowledged, I, the undersigned, **Simon Curran** of Columbus, Ohio;

Hereby sells, assigns and transfers to **Noxgear, LLC**, a limited liability company of the State of Ohio, having a place of business at 966 Proprietors Road, Worthington, Ohio 43085, its successors, assigns and legal representatives, his entire right, title and interest for the United States and all foreign countries, in and to any and all inventions which are disclosed in the nonprovisional application for United States Utility Patent, which is entitled **ELECTRONIC DEVICE WITH MULTIPLE MODES OF ATTACHMENT (Attorney Docket No. 2019C21-SC-CON1**, and invented by Simon Curran and Thomas Walters), and in and to said application including all rights of priority arising therefrom and in and to all divisional, continuing, substitute, renewal, reissue, and all other applications for Utility Patent which have been or shall be filed in the United States and all foreign countries on any of said inventions; and in and to all original and reissued patents which have been or shall be issued in the United States and all foreign countries on said inventions;

Authorizes and requests an attorney registered to practice before the U.S. Patent and Trademark Office to insert the application number and filing date of said application in the following parentheses (U.S. Appl. No. 17/727,793, filed on April 24, 2022) when the application number and filing date of said application become known;

Agrees that said Assignee may apply for, receive and maintain Utility Patent for said inventions in its own name; and that, when requested, without charge to but at the expense of said Assignee, its successors, assigns and legal representatives, to carry out in good faith the intent and purpose of this assignment, the undersigned will execute all divisional, continuing, substitute, renewal, reissue and all other patent applications on any and all said inventions for the U.S., all other countries and under treaties; execute all rightful oaths, assignments, powers of attorney and other papers for the U.S., all other countries and under treaties, communicate to said Assignee, its successors, assigns and representatives, all facts known to the undersigned relating to said inventions and the history thereof; testify in any and all legal proceedings when called upon by Assignee; and generally do everything possible which said Assignee, its successors, assigns or representatives shall consider desirable for aiding in securing and maintaining proper patent protection for said inventions and for vesting title to said inventions and all applications for patents and all patents on said inventions, in said Assignee, its successors, assigns and legal representatives for the U.S., all other countries and under treaties;

Hereby consents that a copy of this assignment shall be deemed a full legal and formal equivalent of any document which may be required in any country in proof of the right of said Assignee to apply for a patent or other form of protection for said inventions and to claim the aforesaid benefit of the right of priority; and

Covenants with said Assignee, its successors, assigns and legal representatives that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein

conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.

IN WITNESS WHEREOF, I have hereunto set my hand this 23rd day of April, 2022.

A handwritten signature in cursive script, appearing to read 'Simon Curran', written in dark ink.

PATENT APPLICATION AND INVENTION ASSIGNMENT

In consideration of good and valuable consideration, the receipt of which is hereby acknowledged, I, the undersigned, **Thomas Walters** of Powell, Ohio;

Hereby sells, assigns and transfers to **Noxgear, LLC**, a limited liability company of the State of Ohio, having a place of business at 966 Proprietors Road, Worthington, Ohio 43085, its successors, assigns and legal representatives, his entire right, title and interest for the United States and all foreign countries, in and to any and all inventions which are disclosed in the nonprovisional application for United States Utility Patent, which is entitled **ELECTRONIC DEVICE WITH MULTIPLE MODES OF ATTACHMENT (Attorney Docket No. 2019C21-SC-CON1**, and invented by Simon Curran and Thomas Walters), and in and to said application including all rights of priority arising therefrom and in and to all divisional, continuing, substitute, renewal, reissue, and all other applications for Utility Patent which have been or shall be filed in the United States and all foreign countries on any of said inventions; and in and to all original and reissued patents which have been or shall be issued in the United States and all foreign countries on said inventions;

Authorizes and requests an attorney registered to practice before the U.S. Patent and Trademark Office to insert the application number and filing date of said application in the following parentheses (U.S. Appl. No. 17/727,793, filed on April 24, 2022) when the application number and filing date of said application become known;

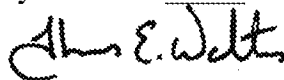

Agrees that said Assignee may apply for, receive and maintain Utility Patent for said inventions in its own name; and that, when requested, without charge to but at the expense of said Assignee, its successors, assigns and legal representatives, to carry out in good faith the intent and purpose of this assignment, the undersigned will execute all divisional, continuing, substitute, renewal, reissue and all other patent applications on any and all said inventions for the U.S., all other countries and under treaties; execute all rightful oaths, assignments, powers of attorney and other papers for the U.S., all other countries and under treaties, communicate to said Assignee, its successors, assigns and representatives, all facts known to the undersigned relating to said inventions and the history thereof; testify in any and all legal proceedings when called upon by Assignee; and generally do everything possible which said Assignee, its successors, assigns or representatives shall consider desirable for aiding in securing and maintaining proper patent protection for said inventions and for vesting title to said inventions and all applications for patents and all patents on said inventions, in said Assignee, its successors, assigns and legal representatives for the U.S., all other countries and under treaties;

Hereby consents that a copy of this assignment shall be deemed a full legal and formal equivalent of any document which may be required in any country in proof of the right of said Assignee to apply for a patent or other form of protection for said inventions and to claim the aforesaid benefit of the right of priority; and

Covenants with said Assignee, its successors, assigns and legal representatives that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein

conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.

IN WITNESS WHEREOF, I have hereunto set my hand this 23rd day of April, 2022.
