ASSIGNMENT

WHEREAS, Michael Bard (hereinafter referred to as Bard) and Hirome Hase (hereinafter referred to as Hase) (collectively, hereinafter referred to as Inventors), have invented:

DURABLE FUNCTIONAL COATINGS

for which Inventors have made PCT International application for patent Serial No. PCT/US2018/054966 filed on October 9, 2018.

WHEREAS, Carlex Glass America, LLC, having a principal place of business at 7200 Centennial Blvd., Nashville, TN 37209, hereinafter referred to as Carlex America, is desirous of acquiring all of Bard's right, title, and interest therein, and

WHEREAS, Central Glass Co., Ltd., having a principal place of business at 5253, Oaza Okiube, Ube-shi, Yamaguchi 755-0001 Japan, hereinafter referred to as Central Glass, is desirous of acquiring all right, title, and interest therein,

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy whereof is hereby acknowledged: 1) Bard agrees to, and hereby does, sell, assign and transfer unto Carlex America and its successors in interest, 2) Hase agrees to, and hereby does, sell, assign and transfer unto Central Glass and its successors in interest, and 3) Carlex America agrees to, and hereby does, sell, assign and transfer, as received hereunder from Bard, unto Central Glass and its successors in interest:

the full and exclusive right, title and interest in the United States of America and throughout the world, including the right to claim priority under the laws of the United States, the international convention, and any foreign countries, to the invention as described in the application and any Letters Patent which may be granted therefore, and all divisionals, continuations, reissues, reexaminations and extensions thereof, these rights, title and interest to be held and enjoyed by Central Glass to the full end of the term for which the Letters Patent(s) are granted and any extensions thereof as fully and entirely as the same would have been held by Inventors had this assignment and sale not been made, and the right to sue for, and recover for past infringements of, or liabilities for, any of the rights relating to any of the applications or patents resulting therefrom.

Inventors and Carlex America each hereby covenant and agree to execute all instruments or documents required or requested for the making and prosecution of any applications of any type for patent in the United States and in all foreign countries including, but not limited to, any provisional, continuation, continuation-in-part, divisional, renewal or substitute thereof, and as to Letters Patent any reissue, re-examination, or extension thereof, and for litigation regarding, or for the purpose of protecting title and to the said invention, the application for patent, or Letters Patent therefor, and to testify in support thereof, for the benefit of Central Glass without further or other compensation than that above set forth.

Inventors and Carlex America each hereby covenant that no assignment, sale, license, agreement or encumbrance has been or will be entered into which would conflict with this Assignment.

The undersigned hereby grant(s) the law firm of BASS, BERRY & SIMS PLC the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the U.S. Patent and Trademark Office for recordation of this Assignment.
