PATENT ASSIGNMENT

This Patent Assignment (this "Patent Assignment"), dated as of February 1, 2022, is by and between COH HoldCo Inc., a Delaware nonprofit corporation (the "Assignee"), and International Private Bank LLC, a U.S. Virgin Islands limited liability company (the "Assignor"). The Assignee and the Assignor are each referred to herein as a "Party" and collectively as the "Parties."

RECITALS

- A. The Assignor is the owner of the patents and patent applications set forth on Schedule A hereto (the "Patents");
- B. Pursuant to the terms of that certain Intellectual Property Purchase Agreement by and between the Assignor and the Assignee dated as of November 29, 2021 (the "IP Purchase Agreement"), the Assignor has agreed to transfer all of its right, title and interest in and to the Patents to the Assignee; and
- C. The Assignor desires to assign all of its right, title and interest in and to the Patents to the Assignee and the Assignee desires to acquire the Patents.

AGREEMENTS

For the good and valuable consideration set forth in the IP Purchase Agreement, the receipt and sufficiency of which is hereby acknowledged, the Assignor and the Assignee hereby agree as follows:

1. The Assignor does hereby sell, assign, transfer, convey and deliver to the Assignee, its successors and permitted assigns, all of the Assignor's right, title and interest in and to the Patents, and any continuations, continuations-in-part, divisions, reissues, reexaminations, and extensions, and foreign patents and patent applications related thereto, and any rights to file applications and receive patents thereon, the same to be held and enjoyed by the Assignee for its own use and enjoyment, and for the use and enjoyment of its successors, permitted assigns or other legal representatives, to the end of the term for which the said Patents are or may be granted or reissued, as fully and entirely as the same would have been held and enjoyed by the Assignor if this assignment and sale had not been made, together with all claims for past and future damages by reason of infringement of the same, with the right to sue for past and future damages.
2. The Assignor hereby requests the Commissioner for Patents at the U.S. Patent and Trademark Office (the "Commissioner"), as well as his or her counterparts at the corresponding entities or agencies in any country or jurisdiction that may exercise authority over any of the Patents, to record this Patent Assignment. The Assignor hereby further requests the Commissioner and his or her non-U.S. counterparts to issue any and all patents resulting from applications among the Patents or derived therefrom to the Assignee as assignee of the entire interest therein.
3. This Patent Assignment is (a) delivered pursuant to, and in accordance with the terms of, the IP Purchase Agreement, and (b) in all respects subject to the provisions of the IP Purchase Agreement and is not intended in any way to supersede, limit, qualify or expand any provision of the IP Purchase Agreement (including without limitation that there are no representations or warranties

(implied or otherwise) related to this Patent Assignment or the Patents other than those that are expressly set forth in the IP Purchase Agreement).

4. Upon reasonable request by the Assignee, the Assignor will execute further papers (including, without limitation, the execution and delivery of affidavits, declarations, oaths, samples, exhibits, specimens, assignments or other documentation) and take other actions (at the expense of the Assignor) as may be reasonably necessary to vest title in and to the Patents in the Assignee or which may be reasonably necessary to obtain, renew, issue or enforce the Patents.

5. This Patent Assignment may be executed in any number of counterparts (including by means of facsimile and electronically transmitted portable document format (pdf) signature pages), each of which shall be an original but all of which together shall constitute one and the same instrument.

6. This Patent Assignment shall be governed by and construed in accordance with the domestic laws of the State of Delaware without giving effect to any choice or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of Delaware.

7. No amendment of any provision of this Patent Assignment shall be valid unless the same shall be in writing and signed by the Assignor and the Assignee. No waiver by any party of any provision of this Patent Assignment or any default or breach of covenant hereunder, whether intentional or not, shall be valid unless the same shall be in writing and signed by the party against whom the waiver is to be effective nor shall such waiver be deemed to extend to any prior or subsequent default or breach of covenant hereunder or affect in any way any rights arising by virtue of any prior or subsequent such occurrence.

8. This Patent Assignment shall be binding upon, and shall inure to the benefit of, the parties hereto and their respective successors and permitted assigns.
