ASSIGNMENT OF RIGHTS

WHEREAS, Theodore Jay Mosler, an individual residing at 1428 Norwood Crest Court, Raleigh, North Carolina 27614, United States of America; Charles Edward McCall Jr., an individual residing at 5401 Westminster Lane, Fuquay Varina, North Carolina 27526, United States of America; Andrew John Corson an individual residing at 1101 Rainesview Lane, Apex, North Carolina 27502, United States of America, and Jay Colton Zignego, an individual residing at 6894 Stagville Road, Bahama, North Carolina 27503, United States of America; (collectively "ASSIGNORS") is each an inventor of the one or more new and useful improvements, including improved ornamental designs, described in a patent application that is being developed for possible filing in one or more patent systems with a current but not necessarily permanent Docket Family identifier of TMI21001 having subject matter that includes:

Improved Bone Dust Collection Cap and Plunger Assembly

WHEREAS, Gilero, LLC with a location at 635 Davis Dr. Suite 100, Morrisville, North Carolina 27560-7183 (hereinafter, together with any successors, assigns, legal representatives of assignee or to any number of iterations of successors and assigns, collectively called "ASSIGNEE") is desirous of transferring and memorializing the transfer of the entire right, title and interest therein for ASSIGNEE;

NOW, THEREFORE, for consideration received by each ASSIGNOR through each ASSIGNOR's employment with ASSIGNEE and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each ASSIGNOR by these presents hereby sells, assigns, and transfers unto the said ASSIGNEE the full, exclusive, non-revocable, and worldwide rights, to the said improvements, including improvements to ornamental design, and to all of each ASSIGNOR's copyrights in the above-identified applications, including:

all rights currently owned or acquired in the future by each ASSIGNOR in any patent, design registration, or other legal document claiming one or more aspects of the improvements described in the above-identified applications including any improvement not explicitly claimed in the above-identified applications; and including any patent, design registration, or other legal document which do not claim priority to the applications identified above;

all rights currently owned or acquired in the future by each ASSIGNOR in any patent, design registration, or other legal document that claims any of the above-identified applications as a priority document, and any patent which results directly or indirectly through any number of links to the any of the above-identified patent applications, including links such as: one or more provisional applications which include the subject matter in the applications identified above, including design patent applications, design registrations, one or more continuation or divisional applications, one or more continuation-in-part

applications, one or more reissue processes, one or more re-examination proceedings, or any other like processes to any of the above;

and the right to claim priority to one or more of the applications identified above for all member countries under any international agreements concerning intellectual property, including but not limited to rights such as utility patent, extensions, design patent, design registrations, utility model registration, inventor's certificates, defensive publications, and the like; and the results of any process granting legal rights within the United States or anywhere in the world.

Each ASSIGNOR hereby authorizes and requests the Commissioner for Patents of the United States Patent and Trademark Office, and any officials of foreign or other patent systems whose duty it is to issue patents or related rights on applications as referenced above to issue any patents or document conveying rights arising from any of the above-identified patent applications to ASSIGNEE in accordance with the terms of this assignment for ASSIGNEE's sole use and behalf, to the full end of the term for which any patent may be granted, as fully and entirely as the same would have been held by each ASSIGNOR had this assignment and sale not been made.

Each ASSIGNOR hereby grants to ASSIGNEE the assignable right to file applications in any or all countries or regional systems on any of the conveyed intellectual property in the name of each ASSIGNOR, in the name of the ASSIGNEE, or otherwise, as ASSIGNEE may deem advisable.

Each ASSIGNOR acknowledges that the legal determination of inventorship may evolve as claims are added, canceled, modified, or separated out for inclusion in other applications. Thus, the inventorship for issued patents may be different from the set of inventors signing this assignment, particularly for an application with several different solutions.

Each ASSIGNOR agrees that upon request of ASSIGNEE, and without further remuneration, to execute any and all papers desired by ASSIGNEE, for full protection and title in and to the improvements hereby transferred including any and all papers desired by ASSIGNEE for: advancement of the application in the United States, including declarations of inventorship; filing and granting of foreign applications; or perfecting of title in ASSIGNEE.

Each ASSIGNOR hereby covenants and agrees to: communicate to ASSIGNEE any facts known to that ASSIGNOR respecting said improvements; provide relevant prior art material as required by law; testify in any legal proceeding; sign all lawful papers; execute all divisional, continuation, continuation-in-part, substitute and reissue applications; make all rightful oaths or declarations; and generally do everything possible to obtain, maintain, and enforce proper legal protection for said improvements in all countries, regions, or systems.

Each ASSIGNOR hereby further covenants and agrees that each ASSIGNOR has the full right to convey the entire interest herein assigned, and each ASSIGNOR has not and will not execute any agreement in conflict herewith.

Each ASSIGNOR hereby authorizes Kevin E. Flynn of FLYNN IP LAW to mark one or more pages of this assignment with the patent application serial number and filing date of the patent application associated with the attorney docket number identified above to associate that information with this assignment as the assignment will be signed before the filing of that patent application.

Each ASSIGNOR acknowledges that the as a consequence of the transfer to the ASSIGNEE of the full, exclusive, non-revocable, and worldwide rights, to the said improvements, including improvements to ornamental design, and to all of each ASSIGNOR's copyrights in the above-identified applications that

- 1) Each ASSIGNOR must treat the assigned improvements as a trade secret of ASSIGNEE until the improvements are published in a patent application or issued patent, or otherwise be made lawfully available to the public; and
- 2) Each ASSIGNOR may not use or help another to use any of the assigned improvements without express permission or other license from the then current owner of these assigned rights in the improvements whether as a trade secret, patent, design registration, copyright, or other legal right.

Each ASSIGNOR agrees that if any provision of this Assignment shall for any reason be held to be invalid or unenforceable, such decision shall not affect, impair or invalidate the remainder of this Assignment but shall be confined in its operation to the provision of this Assignment directly involved in the controversy in which the decision was rendered. The invalid or unenforceable provision shall be reformed so that each ASSIGNOR shall have the obligation to perform reasonably in the alternative to give the ASSIGNEE the benefit of its bargain. In the event the invalid or unenforceable provision cannot be reformed, the other provisions or applications of this Assignment shall be given full effect, and the invalid or unenforceable provision shall be deemed struck.

Each ASSIGNOR and the ASSIGNEE intend and agree that the substantive law of the State of North Carolina shall govern any dispute that relates in any way to this Assignment of Rights, regardless of any contrary result suggested by any choice-law rules.

Each ASSIGNOR and the ASSIGNEE intend and agree to submit any dispute that relates in any way to this Assignment of Rights to the exclusive jurisdiction of the state or federal courts having jurisdiction over North Carolina.
