PATENT AND INVENTION ASSIGNMENT

*[Provisional Patent Application
and related inventions]*

WHEREAS, the undersigned:

Jeff Kenvin, a citizen of the United States of America, residing at
970 Water Grove Ct., Roswell, Georgia 30075;

Kyle Mascaritolo, a citizen of the United States of America, residing at
6336 View Trace Dr., Peachtree Corners, Georgia, 30092; and

John McCaffrey, a citizen of the United States of America, residing at
2452 Player Court NW, Duluth, Georgia, 30096,

(hereinafter referred to as "Assignors") has or may have invented certain inventions and improvements disclosed in a provisional application for United States Patent entitled **SYSTEMS AND METHODS FOR GAS PYCNOMETER AND GAS ADSORPTION ANALYZER CALIBRATION**, which application was filed in the United States Patent and Trademark Office on April 28, 2021, as application number 63/180,692;

WHEREAS, it is agreed that Micromeritics Instrument Corporation, a Corporation of the State of Georgia, having its principal place of business at 4356 Communications Drive, Norcross, Georgia 30093, is entitled to or is desirous of acquiring all right, title and interest related to the same;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignors, by these presents, do sell, assign and transfer unto Micromeritics Instrument Corporation, the full, exclusive and entire right, title and interest, worldwide: (i) in and to all inventions and improvements disclosed and described in said provisional application, (ii) in and to said provisional application, (iii) in and to any non-provisional patent applications, including but not limited to all divisional, continuation, and continuation-in-part applications of such non-provisional applications, filed or which are hereafter filed in the United States describing in whole or in part the said inventions and improvements, preparatory to obtaining Patents of the United States therefore, (iv) in and to all patents of the United States which may be granted on the foregoing and all reissues and extensions thereof and (v) in and to the right to claim any applicable foreign and domestic priority rights arising from any of the afore-mentioned patent applications; and Assignors hereby requests the Commissioner of Patents to issue any and all Patents of the United States resulting

from such non-provisional patent applications, or from a division, continuation, continuation-in-part, or reissue thereof, to Micromeritics Instrument Corporation, as Assignee, for the interest and for the sole use and behoof of Micromeritics Instrument Corporation and its assigns and legal representatives.

For the same consideration, Assignors, by these presents do sell, assign and transfer to Micromeritics Instrument Corporation, the full, exclusive and entire right, title and interest: in and to any and all applications for industrial property protection, including without limitation, all applications for patents, utility models, inventors' certificates and designs, (the "Foreign Applications") filed or which are hereafter filed in countries foreign to the United States and describing in whole or in part the said inventions and improvements, in and to any Patents and similar protective rights granted on said Foreign Applications, and in and to the right to file such applications and the right to claim any applicable priority rights arising from or required for said Foreign Applications under the terms of any applicable conventions, treaties, statutes, or regulations; said Foreign Applications to be filed and issued in the name of Micromeritics Instrument Corporation or its respective designees, insofar as permitted by applicable law;

AND, for the same consideration, Assignors agree to sign all lawful papers, execute all provisional, non-provisional, divisional, continuation, continuation-in-part, reissue and other applications, make all assignments and rightful oaths, and generally do everything legally possible to aid Micromeritics Instrument Corporation, its successors, assigns, and nominees, to obtain and enforce proper protection for all said inventions and improvements in all countries throughout the world; and
