Assignment

Whereas I, Mark Herbert Wood, 412 East Tarpon Avenue, Tarpon Springs, FL 34689, hereinafter referred to as Inventor, have invented certain new and useful improvements in apparatus and method(s) related to a Boat Gate, for which the following patent applications have been filed: United States provisional patent application SN 62/395471, September 16, 2016; PCT application PCT/US2017/051757, September 15, 2017; and United States non-provisional patent application SN 16/331878, March 08, 2019; and

Whereas, Oceanetics, Inc., 520 Ridgely Avenue, Annapolis, MD, 21401, herein referred to as Assignee, is desirous of acquiring all of Inventor's rights, title and interest in said invention, in the above-referenced United States provisional patent application SN 62/395471; PCT application PCT/US2017/051757; and United States non-provisional patent application SN 16/331878, in any other patent application(s) thereon, and any patents issuing thereon, and other rights as described herein;

Now, therefore, in consideration of the sum of one dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is acknowledged, I, Inventor, by these presents do sell, assign and transfer unto Assignee all of my rights to said invention(s), worldwide, and all of my rights, title and interest in the above-referenced United States provisional patent application SN 62/395471; PCT application PCT/US2017/051757; and United States non-provisional patent application SN 16/331878, any and all other patent applications on said invention (provisional and non-provisional, United States, international and foreign), and to any and all patents which may be granted on any of said applications in the United States and elsewhere. I hereby authorize and request the Commissioner of Patents and Trademarks to issue any of said United States Patents to Assignee, and any foreign patent office to issue any foreign patents to Assignee, of my entire right, title and interest in and to the same, for Assignee's sole use and benefit; and for the use and benefit of its legal representatives, to the full end of the term for which any of said patents may be granted, as fully and entirely as the same would have been held by me had this assignment and sale not been made. I further agree to take such further action and to execute such further documents, including but not limited to assignments, declarations, and/or powers of attorney, as are reasonably necessary to fully vest Assignee with the rights described herein and intended to be conveyed hereby.

Executed this 29 day of April, 2022, at 1600hr @ 412 EAST TARPON AVE
