CORRECTIVE NUNC PRO TUNC ASSIGNMENT

This corrective, nunc pro tunc, assignment is made by Jeffrey E. Fitzsimmon, (the "Inventor") to **HQ TELEPHONY, INC.**, formerly known as **HARQEN, INC.**

WHEREAS, the Inventor mistakenly assigned U.S. Patent No. 9,036,795 (the "Patent"), Appl. No. 14/242,013 (the "Application") entitled **SYSTEM AND METHOD FOR GENERATING AND FACILITATING COMMENT ON AUDIO CONTENT** and the invention(s) described therein, to HarQen, LLC intending to assign the rights to HarQen, Inc.

WHEREAS, the Inventor wishes to correct the mistaken assignment and assign his rights as he originally intended.

WHEREAS, HarQen, Inc. changed its name to HQ Telephony, Inc. in 2017.

IN CONSIDERATION of One Dollar (\$1.00) and other good and valuable considerations, the receipt of which is hereby acknowledged, the Inventor, hereby revokes his prior mistaken assignment to HarQen, LLC and sells, assigns and transfers his full right, title and interest in and to the invention(s) and any divisions or continuations of the Patent and Application obtained for the invention(s) in the United States and foreign countries, or issuing out of the Patent or Application or any such division or continuation thereof, and any reissues or extensions of any patent, effective as of the date of the mistaken assignment (May 15, 2014), to HarQen, LLC, to HarQen, Inc. now known as HQ Telephony, Inc., its successors and assigns.

The Inventor hereby covenants that he has full right to convey the entire right, title and interest in the Patent, Application and invention(s), and that he has not executed and will not execute any agreement in conflict herewith.

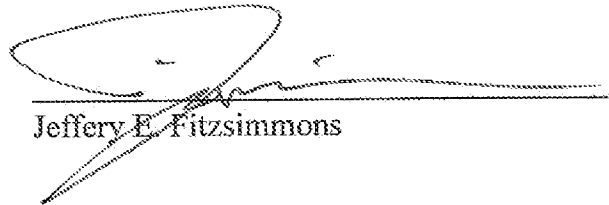

And, he further covenants that he will, at any time, upon request, execute and deliver any and all papers that may be necessary or desirable to perfect the title in HQ Telephony, Inc., to said invention(s) or any patent that may be granted therefor, and that if HQ Telephony, Inc. or its assignee, desires to make a substitute, divisional or continuation application for said invention(s), or to secure a reissue or extension of the Patent, to file a disclaimer relating thereto, or an application for a corresponding patent in any foreign

country, that he will, upon request, sign all papers, make all rightful oaths, and do all lawful acts requisite for the said purpose, but at the expense of HQ Telephony, Inc.

And, he further covenants and acknowledges that the entire beneficial interest in the invention(s) is irrevocably vested in the assignee including the right to make applications for protection in all countries abroad and to claim priority under the International Convention for such applications and hereby assents to the making of any such applications, with or without priority claim, and of any divisional applications resulting therefrom.

And, he further covenants that he will at all times, communicate to HQ Telephony, Inc. its successors, assigns, or legal representatives, all facts relating to said invention(s), Application and Patent, or the history thereof, known to them, and testify as to the same in interferences or other litigation when requested so to do.

Executed and delivered this 24th day of April, 2022.
