Worldwide Assignment

WHEREAS, I, Stig Leander Nielsen, ("ASSIGNOR"), have made an invention entitled "BABY CHANGING MAT" for which I have filed an application for Letters Patent of the United States on June 25, 2021 via the Hague Agreement, identified as Application No. 35/512,132 (International Application No. DM/215081); and

WHEREAS, LEANDER Holding ApS ("ASSIGNEE"), a Danish company, whose postal address is Georg Jensens Vej 8, 8600 Silkeborg, Denmark, desires to acquire the entire right, title, and interest in and to the invention, the application, and any Letters Patent to be granted for the invention in the United States and in all foreign countries;

NOW, THEREFORE, in light of good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, ASSIGNOR has sold, assigned, transferred, and set over, and does hereby sell, assign, transfer, and set over unto ASSIGNEE, its successors, legal representatives, and assigns, the entire right, title, and interest in and to the invention, the application, all applications claiming benefit of the application, including, but not limited to, all divisions and continuations of the application, and all Letters Patent that may be granted thereon in the United States and in all other countries, and all reissues thereof, together with the right to claim priority under the International Convention in all member countries; and ASSIGNOR authorize and request the Director of Patents and Trademarks to issue all Letters Patent for the invention to ASSIGNEE, its successors, legal representatives, and assigns in accordance with the terms of this Assignment;

AND ASSIGNOR covenants and agrees that it has the full right to convey the entire right, title, and interest herein assigned and that it has not executed and will not execute any assignment or other instrument in conflict with this Assignment;

AND ASSIGNOR further covenants and agrees that upon request by ASSIGNEE, its successors, legal representatives, and/or assigns, and without further consideration, ASSIGNOR will do all lawful acts that may be necessary or desirable to assist ASSIGNEE, its successors, legal representatives, and/or assigns to obtain and enforce patent protection for the invention in the United States and in all foreign countries, including, but not limited to, communicate with ASSIGNEE, its successors, legal representatives, and/or assigns any facts known to us regarding the invention, testify in any legal proceeding, sign all lawful papers, execute and deliver all papers that may be necessary or desirable to perfect the title to the invention in ASSIGNEE, its successors, legal representatives, and/or assigns, execute all divisional, continuation, and reissue applications, and make all rightful oaths, it being understood that any expense incident to the rendering of such assistance will be borne by ASSIGNEE, its successors, legal representatives, and/or assigns;

AND this Assignment may be executed in counterparts, each of which shall be deemed to be an original, but all of which, taken together, shall constitute one and the same assignment;

AND ASSIGNOR further hereby authorizes ASSIGNEE, or its attorneys or agents, to insert the correct Application Number and filing Date into this Assignment if none is indicated on that date of our execution of this agreement.

IN WITNESS WHEREOF, ASSIGNOR has executed this Assignment on the dates indicated below.
