NOTARY PUBLIC
STATE OF TEXAS
JUL 11 1911

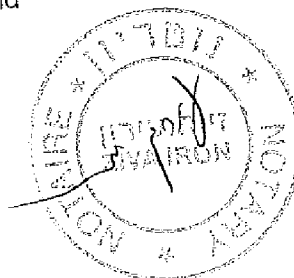

assignor is to further agree to cooperate with assignee hereunder in the obtaining and sustaining of any and all such Letters Patent, but at the expense of assignee.

Assignor further agrees to assign to assignee the entire right, title, and interest, domestic and foreign, which assignor may have in discoveries, improvements, and inventions made, conceived or developed by assignor in connection with the development of said **Evaporation Element and Process using same** and do further agree to execute all applications for patent, assignments, and other appropriate documents, and to perform all things necessary to make this Agreement effective, and to perfect all right, title, and interest in and to said discoveries, improvements, or inventions in said assignee.

Representations and Warranties.

Assignor represents and warrants to Assignee;

- (a) Assignor is the sole owner of all interests in the invention, patent applications, and patents;
- (b) Assignor has not assigned, licensed, or encumbered the invention, patent applications, or patents, or agreed to do so;
- (c) Assignor warrants that there is no violation, claims, or infringement of any third parties rights by the invention, patent applications, or patents;
- (d) Assignor warrants that no third-party consents, assignments, or licenses that are needed to perform under this assignment; and

(e) Assignor was not obligated under any scope of employment or any other third party when conceiving, creating, or otherwise performing any activity with respect to the invention, patent applications, or patents.

Attorney's Fees.

Should Assignor or Assignee, heir, personal representative, successor, or assign of either party resort to litigation to enforce this agreement, the party prevailing in such litigation shall be entitled, in addition to such other relief that may be granted, to recover its reasonable attorney fees and costs.

Governing Law.

This agreement and any and all actions, proceedings, and matters in dispute between the Assignor and the Assignee, whether arising from or relating to this agreement itself, or arising from alleged extra-contractual facts, prior to, during, or subsequent to this assignment, shall be governed by the laws of the State of Colorado without regard to the conflict of law, rule or principles thereof. All disputes shall be instituted and prosecuted exclusively in the federal or state courts located in the State of Colorado, specifically in Douglas County notwithstanding that other courts may have jurisdiction over the parties and the subject matter.

The United States Commissioner of Patents is hereby authorized and requested to record this assignment for United States Patent Number 9,993,742 solely in accordance with the terms of this Assignment to assignee, its successors, legal representatives, and assigns of the entire right, title and interest therein.

IN WITNESS WHEREOF, Assignor has hereunto set their hand and affixed their seal on the date set forth hereinafter.
