**ASSIGNMENT OF INVENTION(S), PATENT APPLICATION(S)
AND/OR PATENT(S)**

I, **JONATHAN EDWARD FIX** (hereinafter designated as the Assignor), in consideration of good and valuable consideration paid to me, agree to assign, and hereby do assign, transfer and set over to **PRECO ELECTRONICS, LLC** (hereinafter designated as the Assignee) at the address of 10335 W. EMERALD STREET, BOISE, ID 83704, the entire right, title and interest in and to the invention known as “**DISPLAY AND ALARM FOR VEHICLE OBJECT DETECTION RADAR**,” for which a Non-Provisional application was filed in the United States Patent and Trademark Office on February 3, 2020 and given Serial No. **16/780,714**, Design applications were filed on March 5, 2020 and given Serial No. **29/726,800** (entitled “**DISPLAY UNIT**”) and **29/726,833** (entitled “**DISPLAY UNIT**”), and foreign Design applications were filed in March 2020 and issued as European Union Design Registration No. **001476063-0001/-0002/-0003** (entitled “**ALARMS**”) and Swiss Design Registration No. **145199** (entitled “**ALARMS**”), and for which a PCT Application was filed on February 3, 2020 and given PCT International Application No. **PCT/US20/16425** (entitled “**DISPLAY AND ALARM FOR VEHICLE OBJECT DETECTION RADAR**”), from which national entry applications were filed as a Chinese National Entry Application of **PCT/US20/16425** and given Chinese Attorney Docket No. **BY21IM2042FGPE-CN**, and a European Application No. **20749198.6**, which patents, applications, and any resulting patent(s) are also hereby assigned, transferred, and set over to Assignee. I also agree without further consideration to assign, and hereby do assign, any and all future U.S. design and utility patent applications (including provisional, non-provisional, continuation, continuation-in-part, and divisional applications), PCT or other foreign country applications (including utility, invention, design and utility model applications), National Phase applications and re-examination and/or reissue application(s)/patent(s) claiming priority of the above-identified application(s). I hereby give the law office of Pedersen & Company, PLLC permission to fill in the filing dates and the serial numbers, when known, of said filed and future U.S. design and utility patent applications, PCT or other foreign country applications, National Phase applications, etc.:

1) I agree without further consideration to execute all papers necessary or convenient in connection with each application to protect the invention, and any continuation, continuation-in-part, or divisional applications and any related PCT or other foreign country applications, National Phase applications, etc., thereof, and also to execute separate assignments in connection with such applications as the Assignee may deem necessary or expedient.

2) I agree without further consideration to execute all papers necessary or convenient in connection with any interference, re-examination, reissue or other post issue proceeding which may be declared concerning any application(s)/patent(s) relating to the invention, or any continuation, continuation-in-part, or division and any related PCT or other foreign country applications, National Phase applications, etc., thereof, and to cooperate with the Assignee in every way possible in obtaining evidence and going forward with any such proceedings.

3) I agree without further consideration to execute all papers and documents and perform any act which may be necessary or convenient in connection with any related application(s)/patent(s) in or from any foreign patent offices, including those operating under the Patent Cooperation Treaty (PCT), International Convention for Protection of Industrial Property, or similar treaties or agreements.

4) I agree without further consideration to perform all affirmative acts and communicate to said Assignee or its representatives any facts known to me regarding said invention, and generally to do everything possible which may be necessary or convenient to obtain grants of valid patents to the Assignee relating to the invention.

5) I hereby authorize and request the United States Commissioner of Patents and Trademarks, and all equivalent foreign patent office officials, to issue any and all Letters Patents resulting from said applications or any continuation, continuation-in-part, or divisional applications and any related PCT or other foreign country applications, National Phase applications, etc., thereof, to the said Assignee, as Assignee of the entire interest, and hereby covenant that I have full right to convey the entire interest herein assigned, and that I have not executed, and will not execute, any agreement in conflict herewith.

6) I hereby grant the Assignee and its duly authorized representatives the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office, and any foreign patent office, regarding any related application or patent, for recordation of this document.

NOW THEREFORE, Assignor hereby forever transfers and assigns unto Assignee all right, title, and interest, in and to the subject invention(s) and application(s)/patent(s); the same to be held and enjoyed by Assignee, its heirs, successors, assigns, and legal representatives, as completely as if the inventions would have been held by Assignors had this assignment not been made, including the right to sue for past infringements.
