(c) the domain names and social media accounts set forth in Exhibit A hereto and all issuances and renewals thereof (the “**Domains**”);

(d) the copyright registrations, / and applications for registration, and exclusive copyright licenses set forth in Exhibit A hereto and all issuances, extensions, and renewals thereof (the “**Copyrights**”);

(e) all rights of any kind whatsoever of Seller accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions, and otherwise throughout the world;

(f) any and all royalties, fees, income, payments, and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and

(g) any and all claims and causes of action with respect to any of the foregoing, whether accruing before, on, or after the date hereof, including all rights to and claims for damages, restitution, and injunctive and other legal and equitable relief for past, present, and future infringement, dilution, misappropriation, violation, misuse, breach, or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. Further Assurances. Assignors further agree to execute all documents and do all such other things as may be necessary or appropriate to carry out the intent and/or purpose of this Assignment Agreement, including but not limited to executing all necessary deeds, agreements or other documents required at law to effect registration or recordal of the assignment of the intellectual property listed in Exhibit A in any jurisdiction. In addition, and without limiting the generality of the foregoing, Assignors further agree, at the request of Assignee or its successors in interest, to do all lawful acts which may be required for obtaining and enforcing the intellectual property rights in the IP, and to otherwise aid Assignee or its successors in interest in enforcing intellectual property rights in the IP, all at the expense of Assignee or its successors in interest.

The foregoing powers are coupled with an interest and are and shall be irrevocable by the Assignors or by dissolution of the Assignors or in any manner or for any reason whatsoever.

4. Terms of the Asset Purchase Agreement. The parties hereto acknowledge and agree that this Assignment Agreement is entered into pursuant to the Asset Purchase Agreement, to which reference is made for a further statement of the rights and obligations of Assignor and Assignee with respect to the IP. The representations, warranties, covenants, agreements, and indemnities contained in the Asset Purchase Agreement shall not be superseded hereby but shall remain in full

force and effect to the full extent provided therein. In the event of any conflict or inconsistency between the terms of the Asset Purchase Agreement and the terms hereof, the terms of the Asset Purchase Agreement shall govern.

4. Governing Law; Submission to Jurisdiction and Venue. Each of the parties hereto irrevocably submit to the non-exclusive jurisdiction and venue of the state or federal courts located in Wilmington, Delaware, U.S.A. to resolve any dispute related hereto or arising hereunder. Each of the parties hereby irrevocably waives any objection they may now or hereafter have as to the venue of any such action or proceeding brought in such court including but not limited to any objection that such court is an inconvenient forum.

5. Counterpart and Facsimile Signatures. This Assignment Agreement may be executed in one or more counterparts, each of which shall be deemed an original but all of which together will constitute one and the same instrument. Any signature page hereto delivered by facsimile or by e-mail (including in portable document format (pdf), as a joint photographic experts group (jpg) file, or otherwise) shall be binding to the same extent as an original signature page, with regard to any agreement subject to the terms hereof or any amendment thereto.
