(hereinafter referred to as "the Assignee")

WHEREAS

- (A) The Assignor is the owner of all rights in and is proprietor of International (PCT) Patent Application No. PCT/GB2019/052183 and United Kingdom Patent Application No. 1812681.3 (hereinafter referred to as "the Patent Applications") relating to one or more inventions (hereinafter referred to as "the Inventions");
- (B) The parties hereto have agreed that the Patent Applications and rights ancillary thereto should be transferred by the Assignor to the Assignee for the consideration hereinafter set forth.

ASSIGNATION

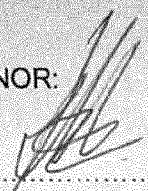

In pursuance of the said agreement and in consideration of the sum of £1 now paid by the Assignee to the Assignor (the receipt whereof is hereby acknowledged):

1. The Assignor hereby assigns with full title guarantee to the Assignee the Patent Applications, the Inventions, the right, title and interest therein and all the rights, powers, liberties and immunities conferred on the proprietor thereof by the Patent Applications free from all incumbrances, including the right to sue for damages or other remedies in respect of any infringement, including past infringement, of the Patent Applications or patents granted therefrom, the right to claim priority from the Patent Applications, the right to file further patent applications in any country in respect of the inventions, and the right to file divisional, continuation or continuation-in-part patent applications derived from the Patent Applications, **TO HOLD** unto the Assignee absolutely;
2. The Assignor hereby undertakes to do all such acts and execute all such documents (at the expense of the Assignee) as the Assignee may reasonably require in order to enable the Assignee to protect the inventions that are the subject of the Patent Applications, to enforce the Patent Applications, and to register the Assignee as proprietor of the Patent Applications, the term 'Assignee' in this clause including any successors or assigns of the Assignee;
