QINETIQ INVENTOR'S ACKNOWLEDGEMENT & DEED OF ASSIGNMENT

THIS DEED WITNESSES THAT I, **David Gordon Madgwick**, am a joint inventor, with others, of the invention identified by **United Kingdom** Patent Application No. GB0700114.2, and subsequent applications that claim priority therefrom, including **US granted patent** No. US8113041

AND THAT at the time of making the invention (or my contribution to the invention) I was an employee of QinetiQ Limited, Company No. 3796233, whose Registered Office is at Cody Technology Park, Ively Road, Farnborough, Hampshire GU14 0LX United Kingdom (hereinafter called "the Company") and either:

- (i) it was made in the course of my normal or specifically-assigned duties as an employee of the Company and the circumstances were such that an invention might reasonably be expected to result from the carrying out of those duties, or
- (ii) it was made in the course of my duties as an employee of the Company and because of the nature of my duties and the particular responsibilities arising from them I had a special obligation to further the interests of the Company's undertaking;

AND THAT the invention (or my contribution to the invention) belongs to the Company;

THEREFORE to the extent that it may be required to perfect the Company's ownership of the invention under the laws of any territory of the world, I hereby assign, transfer, and set over to the Company my entire right, title, and interest throughout the world - including in particular and without limitation the United States of America, its territories, dependencies, and possessions - in the invention, and in all applications for patents therefor and in all patents which may be granted therefor, and that I acknowledge an obligation of assignment of this invention to the Company at the time the invention was made;

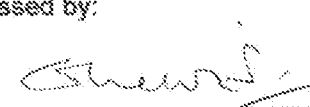

AND I HEREBY UNDERTAKE, at the request of the Company and subject to the Company agreeing to reimburse reasonable expenses incurred in so doing, and at any time hereafter whether or not I remain an employee of the Company, to execute and do all such documents acts and things as may reasonably be required by the Company for the purpose of applying for, prosecuting, and obtaining patent or similar protection in respect of the invention in any country of the world and of vesting the same when obtained in the Company absolutely or as the Company otherwise directs.
