ASSIGNMENT OF PATENT APPLICATIONS

We, the undersigned inventors, ASSIGNORS, have agreed and hereby agree to assign for good and valuable consideration, receipt and sufficiency of which is hereby expressly acknowledged, and do hereby sell, assign and transfer unto:

THE ALFRED E. MANN FOUNDATION FOR SCIENTIFIC RESEARCH

a corporation organized under the laws of the state of California as ASSIGNEE, having its place of business at 25134 Rye Canyon Loop, Suite 200, Valencia, California, 91355, and its successors, assigns and legal representatives, the entire right, title and interest, for all countries, in and to certain inventions described in:

U. S. provisional patent application serial number: 63/109,476, filed on November 4, 2020, entitled "SELF ALIGNING MAGNETIC FIELD SYSTEM FOR WIRELESS POWER TRANSFER", Docket No. A637-PRO,

and the inventions and improvements set forth therein, and any and all non-provisional applications, international applications, continuations, continuations-in-part, divisionals, renewals of and substitutes for said applications, and all the rights and privileges under any and all patents that may be granted therefor in any country, and any reissues, or reexaminations, or extensions of said patents. We request that any and all patents for said inventions be issued to said ASSIGNEE, its successors, assigns and legal representatives, or to such nominees as it may designate.

We agree that, when requested, we shall, without charge to said ASSIGNEE but at its expense, sign and execute all papers, take all rightful oaths, and do all acts which may be necessary, desirable or convenient for securing and maintaining patents for said inventions in any and all countries and for vesting, the entire right, title and interest thereto in said ASSIGNEE, its successors, assigns and legal representatives or nominees.

We authorize and empower said ASSIGNEE, its successors, assigns and legal representatives or nominees, to invoke and claim for any application for patent or other form of protection for said inventions filed by it or them, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it, and to invoke and claim such right of priority without further written or oral authorization from us.

We hereby consent that a copy of this Assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file or like document which may be required in any country for any purpose and more particularly in proof of the right of said ASSIGNEE or nominee to claim the aforesaid benefit of the right of priority provided by the International convention which may henceforth be substituted for it.

We covenant with said ASSIGNEE, its successors, assigns and legal representatives, that the rights and property herein conveyed are free and clear of any encumbrance, that we have full right to convey the same as herein expressed and that we have not executed, and will not execute, any agreement in conflict herewith.

IN WITNESS WHEREOF, we have hereunto signed our names on the day and year set forth below.
