ASSIGNMENT

WHEREAS, T. Dashon Howard and Chris Seely have made one or more inventions and other subject matter (hereinafter collectively referred to as the "Invention"); as described in the patent application filed on January 27, 2021, assigned US application serial number 17/160,081, and titled Systems and Methods for Projectile Propulsion.

WHEREAS, Chris Seely has assigned right, title, and interest to T. Dashon Howard, and T. Dashon Howard desires to assign to Chris Seely an undivided one-half interest in T. Dashon Howard's right, title, and interest in and to above application and the listed items below, such that T. Dashon Howard and Chris Seely (hereinafter collectively referred to as "Joint Ownership Partial Assignees") are joint owners of such, each holding an undivided one-half interest thereof.

FOR GOOD AND VALUABLE CONSIDERATION, the receipt, sufficiency, and adequacy of which are hereby acknowledged by T. Dashon Howard (hereinafter "the Undersigned") hereby irrevocably and unconditionally:

CONVEY, ASSIGN, AND TRANSFER to Chris Seely (hereinafter "Partial Assignee"), having an address at 784 Route 590 Waterville Carleton Co, New Brunswick, E7P 1C3, Canada;

a partial assignment, to provide joint ownership, of the Undersigned's right, title, and interest, for the United States and all foreign countries and jurisdictions in and to:

the Invention which is disclosed in the above-identified application or applications;

such application or applications, and all divisional, continuing (including continuation-in-part), substitute, renewal, reissue, and all other applications for a patent or patents which have been or shall be filed in the United States (including all provisional and non-provisional applications), and in all foreign countries and jurisdictions based in whole or in part on any of such Invention (including any application for a utility model or an innovation patent application);

all original and reissued patents which have been or shall be issued in the United States and all foreign countries and jurisdictions based in whole or in part on any of such Invention;

including the right to claim priority to the above-identified patent application or applications in relation to subject matter based in whole or in part on the above-identified patent application or applications and any of the foregoing including the right to file foreign applications under the provisions of any convention or treaty;

and including the right to all causes of action, remedies, and other enforcement rights related to the above-identified application or applications, including without limitation the right to sue for past, present, or future infringement, misappropriation, or violation of any and all rights related to the above-identified patent application or applications and any of the foregoing, including the right to obtain and collect damages for past, present, or future infringement;

AUTHORIZE AND REQUEST the issuing authority to issue any and all United States and foreign patents granted on such Invention to Joint Ownership Partial Assignees;

AUTHORIZE AND REQUEST that any attorney associated with U.S. Patent and Trademark Office (USPTO) Customer No. 21186 may (directly or through his/her designee) delete, insert, or alter any
