**NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN:**

Be it known that for good and valuable consideration, the receipt of which is hereby acknowledged, ASSIGNOR, to the extent she/he has not already done so, hereby assigns and transfers to ASSIGNEE, as of the invention date, her/his entire right, title and interest in, to and under said invention and to any patent application for the invention filed in any patent or intellectual property office around the World including all priority rights related thereto and any patent obtained therefrom, together with any and all continuation, divisional, renewal, substitute, reissue, revalidation, registration, certificate, petty patent, utility model, supplementary protection certificate, extension or other patent application or patent that have been or may be granted on said invention; and the right to sue to collect money damages and seek injunctive relief to enforce any patent or similar protection directed to said invention that is granted on the application.
