## ASSIGNMENT

***Identity Of The Patent Application.*** I am the inventor (or one joint inventor) of a patent application that I am assigning. The patent application I am assigning is entitled Novel Uses of Halogenated Xanthenes in Oncology and Virology which I executed herewith. A patent application has already been filed and it received serial number 17/212,723 and bears a filing date of March 25, 2021.

***The Assignee and The Assignment.*** I assign my patent rights to Provectus Pharmatech, Inc., a corporation organized according to the laws of Nevada, having a place of business at 10025 Investment Drive, Suite 250, Knoxville, Tennessee 37932 (hereinafter "the Assignee"), its successor, legal representatives and assigns. The rights I assign are my entire right, title and interest in the invention or improvements disclosed in the patent application and any and all other applications for United States Letters Patent which I may file, either solely or jointly with others, on the invention or improvements, including all continuations, divisionals, and continuations-in-part, and in any and all United States Letters Patent, and to all Letters Patent and all Convention and Treaty rights of all kinds, in all countries throughout the world which may be obtained on any of said applications, and in any reissue or extension thereof. I agree to execute, at the request of the Assignee, all documents in connection with any application for United States or foreign letters patent therefor.

***Payment Received.*** I am making this assignment for good and valuable consideration. I acknowledge the receipt and sufficiency of the consideration.

***Warrant.*** I/we warrant that I am/we are the owner of the entire right, title and interest in and to the invention and patent application(s) herein assigned and have the right to make this assignment; and further warrant that there are no outstanding prior assignments, licenses, or other rights whatsoever in the interest herein assigned.

***Authorizations.*** I request the U.S. Commissioner of Patents and Trademarks and all foreign patent organizations to issue the Letters Patent to the Assignee. I authorize the attorney(s) of record in the application to insert in this assignment document the date and serial number of the application.

***Further Acts.*** I agree, upon the request and at the expense of the Assignee, its successor, legal representatives, and assigns to execute any divisional, continuation or substitute application for the invention or improvements, and any oath, declaration or affidavit relating thereto, and any application for the reissue or extension of any Letters Patent that may be granted upon the application. I agree to perform, upon request, any affirmative acts to obtain said Letters Patent of the United States and in any foreign countries and to vest in the Assignee, its successor, legal representatives, and assigns all rights therein, so that the Letters Patent will be held and enjoyed by the Assignee, its successor, legal representatives, and assigns to the full end of the term for which said Letters Patent may be granted as fully and entirely as the same would have been held and enjoyed by me if this assignment had not been made.

***Interference/Contested Matter.*** In the event that any application or Letters Patent that I now assign becomes involved in interference or any other contested matter, I agree to cooperate to the best of my ability with the Assignee, its successor, legal representatives, and assigns in the matters of preparing and executing the preliminary statement or other such document and giving

and producing evidence in support thereof.
