**ASSIGNMENT BY INVENTOR**

**WHEREAS**, I, Timothy W. Oneal, a citizen of the United States of America, having a mailing address of 8516 E 98th St., Tulsa, Oklahoma 74133 (hereinafter "Assignor"), is the inventor and owner of a certain new and useful invention(s) (hereinafter "Invention") and improvement(s) entitled "System, Apparatus, and Method for Hydrocarbon Processing", as set forth in Provisional U.S. Application for Letters of Patent of the United States, already filed on March 25, 2021, as U.S. Application No. 63/166,179 ("Provisional Application"), U.S. Application for Letters of Patent of the United States, already filed on March 25, 2022, as U.S. Application No. 17/705,096 ("Utility Application"), and PCT International Application No. PCT/US22/22029, filed on March 25, 2022 ("PCT Application"), (the latter applications claiming the benefit of or priority to said "Provisional Application"), (collectively said "Filed Applications").

**WHEREAS**, Exterran Corporation, a corporation, organized under and pursuant to the laws of the state of Delaware having its principal place of business at 11000 Equity Dr., Houston, Texas 77041 (hereinafter "the Assignee"), is desirous of acquiring Assignor's entire right, title and interest in and to said Invention(s), and in and to any United States or corresponding foreign, international, or regional application (including any PCT International Application and any Regional Applications such as an EPO Patent Application) claiming or applied for (now or in the future) the Invention and any Letters Patent to be obtained therefor and thereon (to the extent any such right, title, and interest have not been previously acquired and transferred to Assignee).

**NOW, THEREFORE**, in consideration of One Dollar (\$1.00) and other good and sufficient consideration, the receipt and sufficiency of which are hereby acknowledged, the Assignor has sold, assigned, transferred and set over, and by these presents does sell, assign, transfer and set over unto Assignee, its successors, legal representatives and assigns, (to the extent Assignor has not previously and already sold, assigned, transferred, or set over unto Assignee) Assignor's entire right, title and interest (including the right to sue for past infringement) in and to the following:

- (a) said Inventions and improvements and worldwide rights therein;
- (b) said Provisional Application: United States Provisional Application No. 63/166,179, filed on March 25, 2021; titled "System, Apparatus, and Method for Hydrocarbon Processing";
- (c) said U.S. Utility Application: U.S. Application No. 17/705,096, filed on March 25, 2022; titled System, Apparatus, and Method for Hydrocarbon Processing";
- (d) said PCT Application: PCT Application No. PCT/US22/22029, filed on March 25, 2022; titled System, Apparatus, and Method for Hydrocarbon Processing";
- (e) any United States or corresponding foreign, regional (including any patent application filed with the European Patent Office) or international patent application claiming or applied for (now or in the future) the Inventions, or claiming priority to, or the benefit of the filing date of, (now or in the future) the Invention or any corresponding U.S., foreign, regional, or international application (including any PCT applications) related and directed to the Inventions, including all divisions, continuations, continuations-in-part and substitutions thereof; and
- (f) any and all United States and foreign patents which shall issue on said Invention(s) or from any of the above-identified applications ((b) - (e)) including all reissues, reexaminations, renewals, divisions, continuations, and extensions thereof, for the United States, its territories and possessions and all foreign countries, regional and international patent offices, including the right to file applications for Letters Patent on said Inventions, and any of the aforementioned applications (in (b) - (e)) in any and all foreign countries and any other patent office, and every priority right that is or may be predicated upon or arise from said Inventions or said aforementioned application, and the right to sue for past infringements, the same to be held and enjoyed by said Assignee, its assigns and

successors, as fully and entirely as the same would have been held and enjoyed by me, had this Assignment and sale not been made.

AND for the same consideration, Assignor hereby represents and warrants to Assignee, its successors, legal representatives and assigns, that, at the time of execution and delivery of these presents, except for any rights, titles and/or interests that have arisen to Assignee under law or that have already been transferred to Assignee, Assignor is the sole and lawful owner of Assignor's entire right, title and interest in and to said Inventions and said applications for Letters Patent above-mentioned (to the extent not already transferred to and held by Assignee), and that the same are unencumbered and that Assignor has good and full-right and lawful authority to sell and convey the same in the manner herein set forth.

AND for the same consideration, Assignor hereby covenants and agrees to and with Assignee, its successors, legal representatives and assigns, that Assignor will sign all papers and documents, take all lawful oaths and do all acts necessary or required to be done for the procurement, maintenance, enforcement and defense of any Letters Patents and applications for Letters Patents for said Inventions, without charge to Assignee, its successors, legal representatives and assigns, whenever counsel of Assignee, or counsel of its successors, legal representatives and assigns, shall advise: that any proceeding in connection with said Inventions, or any proceeding in connection with any Letters Patents or applications for Letters Patents for said Inventions in any country or patent office, including but not limited to interference proceedings, is lawful and desirable; or, that any division, continuation or continuation-in-part of any application for Letters Patent, or any reissue, reexamination or extension of any Letters Patent, to be obtained thereon, is lawful and desirable.

AND Assignor hereby requests the Commissioner of Patent and Trademarks to issue said Letters Patents of the United States to Assignee, and any official or any other country or regional patent office empowered to issue Patents, as Assignee of said

Inventions and the Letters Patents to be issued thereon, for the sole use and benefit of Assignee, its successors, legal representatives and assigns.

AND Assignor hereby authorizes the Assignee to file patent applications in any and all countries, or patent offices (including regional offices and any regional or international applications, (e.g., PCT International Application based on or claiming priority to any of the above-identified patent applications).

AND Assignor hereby grants the following individuals the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document:
