**PATENT ASSIGNMENT**

**WHEREAS**, Lockheed Martin Corporation, a Maryland corporation, with an address at 6801 Rockledge Drive, Bethesda, Maryland 20817 ("Assignor"), owns all right, title and interest in and to the patent below, including the invention described therein and the patent issued thereon (collectively, the "Patent").

Application Serial# 10/616,860 – Filed July 10, 2003  
Patent Serial# 7,477,309 - Issued January 13, 2009  
Title: INFRARED CAMERA SYSTEM AND METHOD

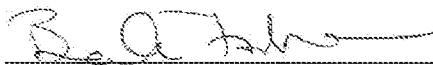

**WHEREAS**, Frank Cuccias with an address at 13780 Laurel Rock Drive, Clifton, Virginia 20124 ("Assignee"), and Assignor have entered into an Agreement (the "Agreement") dated May 11, 2022, the date upon which the last party executed the Agreement, under which Assignor agreed to release to Assignee the aforesaid Patent, including the invention described therein.

**NOW THEREFORE**, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor does hereby release and assign to Assignee any rights it has in the above subject Patent, subject to retention by Lockheed Martin Corporation, including its affiliates, subsidiaries and assigns, of a paid-up, royalty-free, non-exclusive, irrevocable license under any patents, copyrights, trade secrets and other intellectual property rights associated with the invention, including any improvements thereto, to make, have made use, sell, offer to sell, import, reproduce, distribute and otherwise practice the invention.

This Assignment is deemed to be executed and delivered within the State of Maryland, and it is the intention of the parties that it shall be construed, interpreted, and applied in accordance with the laws of the State of Maryland without regard to its conflicts of law principles.

**IN WITNESS WHEREOF**, Assignor has duly executed this Assignment on this 8th day of June, 2022.
