filed in the United States Patent Office on March 23, 2020, and assigned application number 16/826,689; and

described and claimed in a PCT patent application patent entitled:

"Ethylene Interpolymer Products and Films"

filed with the World Intellectual Property Organization on _____ and assigned application number _____.

NOW THEREFORE, in consideration of one dollar (\$1.00), the receipt and sufficiency of which is hereby acknowledged, I/we, the above-named inventor/inventors, hereby:

1. Sell, assign and transfer, to **NOVA Chemicals Corporation**, a New Brunswick corporation having a head office at 1000 - 7th Avenue SW, Calgary, Alberta, Canada, T2P 5L5, its successors and assigns, all of their right, title and interest in and to the Invention in and for Canada, and in and to any and all Canadian patent applications that may be filed therefor, and all Canadian patents that may be issued therefor, including any and all divisionals, reissues and extensions thereof, together with the right to claim convention priority to the above-mentioned patent application(s), if applicable, which right, title and interest NOVA Chemicals Corporation accepts, and the right to enforce, pursue, collect, retain in NOVA Chemicals Corporation's name or otherwise, damages,

an accounting of profits, an injunction and any other remedies arising from any past, present, or future infringement of the Invention, patent application or issued patent in Canada, and any other rights assigned by this assignment;

2. Sell, assign and transfer, to **NOVA Chemicals (International) S.A.**, a corporation of Switzerland, having an office at Avenue de la Gare 14, 1700 Fribourg, Switzerland, its successors and assigns, all of their right, title and interest in and to the Invention in and for all countries of the world excluding Canada, and in and to any and all patent applications that may be filed therefor, and all patents that may be issued therefor, including any and all continuations, continuations-in-part, divisionals, reissues, and extensions thereof, in and for all countries of the world excluding Canada, together with the right to claim convention priority to the above-mentioned patent application(s) for all patent applications and patents in and for all countries of the world excluding Canada, if applicable, which right, title and interest NOVA Chemicals (International) S.A. accepts, and the right to enforce, pursue, collect, retain in NOVA Chemicals (International) S.A.'s name or otherwise, damages, an accounting of profits, an injunction and any other remedies arising from any past, present, or future infringement of the Invention, patent application or issued patent in all countries of the world excluding Canada, and any other rights assigned by this assignment;
3. Agree that they will, when requested, without charge, sign all papers, take all oaths, make all declarations and do all acts which may be necessary, desirable or convenient for securing and maintaining patents or other forms of protection for the Invention in any and all countries and for vesting title in **NOVA Chemicals Corporation** or **NOVA Chemicals (International) S.A.**, as the case may be, or their respective successors and assigns;
4. Authorize **NOVA Chemicals Corporation**, or **NOVA Chemicals (International) S.A.**, as the case may be and when necessary, to insert into this assignment the filing date and application number of the above mentioned application(s), when known, together with any further or additional identification which may be necessary or desirable to effect recordation of this assignment in any country;
5. Confirm that this assignment shall be binding upon, and enure to the benefit of, the heirs, executors, administrators, successors and assigns of the parties hereto, respectively.
6. Agree that this assignment shall be governed by, construed in accordance with, and subject to, the laws of the province of Alberta, Canada.
