ASSIGNMENT

WHEREAS, we have invented and created a certain new and useful invention disclosed in an application for United States Letters Patent titled Conveyor Tunnel Oven and executed by us, on even date herewith;

WHEREAS, **Bunting Magnetics Co.**, PO Box 468, Newton, Kansas, 67114, a Kansas corporation, (hereafter together with any successors, legal repre-sentatives or assigns thereof, called "Assignee") wishes to acquire the entire right, title and interest in and to said invention and application:

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, we have sold, assigned, transferred and set over, and do hereby sell, assign, transfer and set over to Assignee the entire right, title and interest in and to said invention, and said application and all divisions, substitutions, continuations and continuations-in-part thereof, and all United States Letters Patents which may be granted thereon and all reissues and extensions thereof, and all priority rights under the International Convention for the Protection of Industrial Property for every member country, and all applications for patents (including related rights such as utility-model registrations, inventor's certificates, and the like) heretofore or hereafter filed for said invention in any foreign countries, and all patents (including all extensions, renewals and reissues thereof) granted for said invention in any foreign countries; and I hereby authorize and request the United States Commissioner of Patents and Trademarks,

and any officials of foreign countries whose duty it is to issue patents on applications as aforesaid, to issue all patents for said invention to Assignee in accordance with the terms of this Assignment; and

WE HEREBY covenant that we have full right to convey the entire interest herein assigned, and that we have not executed, and will not execute, any agreement in conflict herewith; and

WE HEREBY further covenant and agree that we will communicate to Assignee any facts known to us respecting said invention and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuation, continuations-in-part, substitute and reissue applications, make all rightful oaths and generally aid Assignee to obtain and enforce proper patent protection for said invention in all countries.

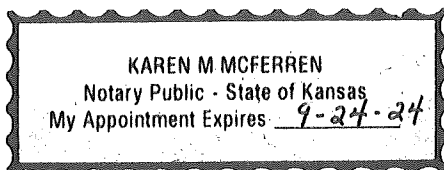

IN TESTIMONY WHEREOF, we hereunto set our hands on the dates set forth below.
