EXHIBIT A

PROPRIETARY INFORMATION AND INVENTIONS AGREEMENT

As a condition of my employment with Magic Leap, Inc. and its subsidiaries, affiliates, successors or assigns (collectively, the "*Company*"), and in consideration of my employment with the Company and my receipt of the compensation now and hereafter paid to me by the Company, I agree to the following terms under this Proprietary Information and Inventions Agreement (this "*Intellectual Property Agreement*"):

1. Employment

I understand and acknowledge that my employment with the Company is for an unspecified duration and constitutes "at-will" employment. I acknowledge that this employment relationship may be terminated at any time, with or without good cause or for any or no cause, at the option either of the Company or myself, with or without notice.

I agree that, during the term of my employment with the Company, I will not engage in any other employment, occupation, consulting or other business activity related to the business in which the Company is now involved or becomes involved during the term of my employment, nor will I engage in any other activities that conflict with my obligations to the Company.

2. Confidential Information

Company Information. I agree at all times during the term of my employment (my "*Relationship with the Company*") and thereafter to hold in strictest confidence, and not to use except for the benefit of the Company or to disclose to any third party without written authorization of the Board of Directors of the Company, any Confidential Information of the Company. I understand that "*Confidential Information*" means any Company proprietary information, technical data, trade secrets or know-how, including, but not limited to, research, business plans, product plans, products, services, customer lists and customers (including, but not limited to, customers of the Company on whom I called or with whom I became acquainted during the term of my Relationship with the Company), market research, works of original authorship, intellectual property (including, but not limited to, unpublished works and undisclosed patents), photographs, negatives, digital images, software, computer programs, ideas, developments, inventions (whether or not patentable), processes, formulas, technology, designs, drawings and engineering, hardware configuration information, forecasts, strategies, marketing, finances or other business information disclosed to me by the Company either directly or indirectly in writing, orally or by drawings or observation or inspection of parts or equipment. I further understand that Confidential Information does not include any of the foregoing items that has become publicly known and made generally available through no wrongful act of mine or of others who were under confidentiality obligations as to the item or items involved.

Other Employer Information. I agree that I will not, during my Relationship with the Company, improperly use or disclose any proprietary information or trade secrets of any former or concurrent employer or other person or entity and that I will not bring onto the premises of the Company any unpublished document or

proprietary information belonging to any such employer, person or entity unless consented to in writing by such employer, person or entity.

Third Party Information. I recognize that the Company has received and in the future will receive from third parties their confidential or proprietary information subject to a duty on the Company's part to maintain the confidentiality of such information and to use it only for certain limited purposes. I agree to hold all such confidential or proprietary information in the strictest confidence and not to disclose it to any person, firm or corporation or to use it except as necessary in carrying out my work for the Company consistent with the Company's agreement with such third party.

3. Intellectual Property

Assignment of Intellectual Property. I agree that I will promptly make full written disclosure to the Company, will hold in trust for the sole right and benefit of the Company, and hereby assign to the Company, or its designee, all my right, title and interest in and to any original works of authorship, domain names, inventions, concepts, improvements, processes, methods or trade secrets, whether or not patentable or registrable under copyright or similar laws, that I may solely or jointly conceive or develop or reduce to practice, or cause to be conceived or developed or reduced to practice, during the period of time I am in the service of the Company (collectively referred to as "*Intellectual Property*") and that (i) are developed using the equipment, supplies, facilities or Confidential Information of the Company, (ii) result from or are suggested by work performed by me for the Company, or (iii) relate to the Company business or to the actual or demonstrably anticipated research or development of the Company. The Intellectual Property will be the sole and exclusive property of the Company. I further acknowledge that all original works of authorship that are made by me (solely or jointly with others) within the scope of and during the period of my Relationship with the Company and that are protectable by copyright are "works made for hire," as that term is defined in the United States Copyright Act. To the extent any Intellectual Property is not deemed to be work made for hire, then I will and hereby do assign all my right, title and interest in such Intellectual Property to the Company, except as provided in Section 3(e).

Patent and Copyright Registrations. I agree to assist the Company, or its designee, at the Company's expense, in every proper way to secure the Company's rights in the Intellectual Property and any copyrights, patents, trademarks, domain names or other intellectual property rights relating thereto in any and all countries, including the disclosure to the Company of all pertinent information and data with respect thereto and the execution of all applications, specifications, oaths, assignments and other instruments that the Company shall deem necessary in order to apply for and obtain such rights and in order to assign and convey to the Company and its successors, assigns and nominees the sole and exclusive right, title and interest in and to such Intellectual Property and any copyrights, patents, trademarks, domain names or other intellectual property rights relating thereto. I further agree that my obligation to execute or cause to be executed, when it is in my power to do so, any such instrument or papers shall continue after the termination of this Intellectual Property Agreement. If the Company is unable because of my mental or physical incapacity or for any other reason to secure my assistance in perfecting the rights transferred in this Intellectual Property Agreement, then I hereby irrevocably designate and appoint the Company and its duly authorized officers and agents as my agent and attorney in fact, to act for and in my behalf and stead to execute and file any such applications and to do all other lawfully permitted acts to further the prosecution and issuance of letters patent and copyright, trademark or domain name registrations thereon with the same legal force and effect as if executed by me. The designation and appointment of the Company and its duly authorized officers and agents as my agent and attorney in fact shall be deemed to be coupled with an interest and therefore irrevocable.

Maintenance of Records. I agree to keep and maintain adequate and current written records of all Intellectual Property made by me (solely or jointly with others) during the term of my Relationship with the Company. The records will be in the form of notes, sketches, drawings, works of original authorship, photographs, negatives or digital images or in any other format that may be specified by the Company. The records will be available to and remain the sole property of the Company at all times.

Intellectual Property Retained and Licensed. I provide below a list of all original works of authorship, inventions, developments, improvements, trademarks, designs, domain names, processes, methods and trade secrets that were made by me prior to my Relationship with the Company (collectively referred to as "*Prior Intellectual Property*"), that belong to me, that relate to the Company's proposed business, products or research and development, and that are not assigned to the Company hereunder; or, if no such list is attached, I represent that there is no such Prior Intellectual Property. If in the course of my Relationship with the Company, I incorporate into Company property any Prior Intellectual Property owned by me or in which I have an interest, the Company is hereby granted and shall have a nonexclusive, royalty-free, irrevocable, perpetual, worldwide license to make, have made, modify, use and sell such Prior Intellectual Property as part of or in connection with such Company property.

Prior Intellectual Property:

Title	Date	Identifying Number or Brief Description

Exception to Assignments. I understand that the provisions of this Intellectual Property Agreement requiring assignment of Intellectual Property to the Company are limited to Section 2870 of the California Labor Code, which is attached hereto as **Appendix A**, and do not apply to any intellectual property that (i) I develop entirely on my own time; and (ii) I develop without using Company equipment, supplies, facilities or trade secret information; and (iii) does not result from any work performed by me for the Company; and (iv) does not relate at the time of conception or reduction to practice to the Company's current or anticipated business, or to its actual or demonstrably anticipated research or development. Any such intellectual property will be owned entirely by me, even if developed by me during the time period in which I am employed by the Company. I will advise the Company promptly in writing of any intellectual property that I believe meets the criteria for exclusion set forth herein and is not otherwise disclosed pursuant to Section 3(d) above.

Return of Company Documents. I agree that, at the time of leaving the employ of the Company, I will deliver to the Company (and will not keep in my possession, recreate or deliver to anyone else) any and all works of original authorship, domain names, original registration certificates, photographs, negatives, digital images, devices, records, data, notes, reports, proposals, lists, correspondence, specifications, drawings, blueprints, sketches, materials, equipment or other documents or property, or reproductions of any aforementioned items, developed by me pursuant to my Relationship with the Company or otherwise belonging to the Company or its successors or assigns.

4. Notification of New Employer

In the event that I leave the employ of the Company, I hereby grant consent to notification by the Company to my new employer or consulting client of my rights and obligations under this Intellectual Property Agreement.

5. Nondisparagement; Noncompetition; Diversion of Company Business

During the period of my Relationship with the Company as an employee, consultant, officer and/or director (the "*Restricted Period*"), I will not engage in, be employed by, perform services for, participate in the ownership, management, control or operation of, or otherwise be connected with or participate in, either directly or indirectly, any *Competing Business* or activity that is in any way competitive with the business or proposed business of the Company. I agree that this restriction is reasonable for my employment with the Company, but further agree that should a court exercising jurisdiction with respect to this Agreement find any such restriction invalid or unenforceable due to unreasonableness, either in period of time, geographical area, or otherwise, then in that event, such restriction is to be interpreted and enforced to the maximum extent which such court deems reasonable. The Company, in its sole discretion, may determine to waive the noncompetition provisions of this Section 5. Any such waiver shall not constitute a waiver of any noncompetition or forfeiture provisions of any other agreement between the Company and me. For the purpose of this Agreement "*Competing Business*" means any business who offers products or services that are directly or indirectly competitive with the products or services of the Company. A *Competing Business* includes any business pursuing research and development and/or offering products or services in competition with products or services which are, during and at the end of my Relationship with the Company as an employee consultant, officer and/or director, either (a) produced, marketed, distributed, sourced or otherwise commercially exploited by the Company or (b) in actual or demonstrably anticipated research or development by the Company.

During the *Restricted Period* and for a period of twelve (12) months thereafter, I will not divert or attempt to divert from the Company any business the Company enjoyed or solicited from its customers during the prior twelve (12)-month period, nor will I solicit or attempt to induce any customer, supplier, partner or other person or entity with whom the Company has, or is attempting to establish, a commercial relationship to cease or refrain from doing business with the Company or to alter its relationship with the Company in any way adverse to the Company.

During the *Restricted Period* and for a period of twelve (12) months thereafter, I will not (a) make any false, misleading or disparaging representations or statements with regard to the Company or the products or services of the Company to any third party or (b) make any statement to any third party that may impair or otherwise adversely affect the goodwill or reputation of the Company.

6. No Solicitation of Employees

In consideration for my Relationship with the Company and other valuable consideration, receipt of which is hereby acknowledged, I agree that during the *Restricted Period* and for a period of twelve (12) months thereafter, I shall not solicit the employment of any person who shall then be employed by the Company (as an employee or consultant) or who shall have been employed by the Company (as an employee or consultant) within the prior twelve (12)-month period, on behalf of myself or any other person, firm, corporation, association or other entity, directly or indirectly.

7. Representations

I represent that my performance of all the terms of this Intellectual Property Agreement will not breach any agreement to keep in confidence proprietary information acquired by me in confidence or in trust prior to my Relationship with the Company. I have not entered into, and I agree I will not enter into, any oral or written agreement in conflict herewith. I agree to execute any proper oath or verify any proper document required to carry out the terms of this Intellectual Property Agreement.

8. Equitable Relief

I acknowledge that disputes relating to or arising out of a breach of the covenants contained in this Intellectual Property Agreement may cause the Company to suffer irreparable harm and to have no adequate remedy at law. In the event of any such breach or default by me, or any threat of such breach or default, Company will be entitled to injunctive relief, specific performance and other equitable relief. I further agree that no bond or other security shall be required in obtaining such equitable relief and hereby consent to the issuance of such injunction and to the ordering of specific performance.

IN WITNESS WHEREOF, the undersigned has executed this Proprietary Information and Inventions Agreement as of April 1, 2015.

APPENDIX A

CALIFORNIA LABOR CODE SECTION 2870

Application of provision that employee shall assign or offer to assign rights in invention to employer.

(a) Any provision in an employment agreement which provides that an employee shall assign, or offer to assign, any of his or her rights in an invention to his or her employer shall not apply to an invention that the employee developed entirely on his or her own time without using the employer's equipment, supplies, facilities, or trade secret information except for those inventions that either:

(1) Relate at the time of conception or reduction to practice of the invention to the employer's business, or actual or demonstrably anticipated research or development of the employer.

(2) Result from any work performed by the employee for the employer.

(b) To the extent a provision in an employment agreement purports to require an employee to assign an invention otherwise excluded from being required to be assigned under subdivision (a), the provision is against the public policy of this state and is unenforceable.
