**COMBINED ASSIGNMENT AND DECLARATION**

For value received, I, Robert P. Sambursky, of Lakewood Ranch in the State of Florida, hereby sell, assign and transfer to Rapid Pathogen Screening, Inc. (hereinafter referred to as the "Assignee"), having an office at 7040 Professional Parkway, Suite B, Sarasota, FL 34240, United States, and its successors, and assigns the entire right, title and interest, for the United States of America, in and to certain inventions related to the "SELECTIVE WHITE BLOOD CELL LYSIS FOR IMMUNOASSAY SYSTEMS" described in an application for Letters Patent of the United States filed concurrently herewith, executed by me, and all the rights and privileges in said application and the entire right, title, and interest in and to the patents and divisions, continuations or continuations-in-part thereof, together with all rights of registration, maintenance, and protection thereof in any form, all rights to income, royalties, damages and payments now due or hereafter due or payable in respect thereto, and all rights of recovery and of legal action for past or future infringements and of interference proceedings and reexaminations involving such Patents; and I also sell, assign and transfer to Assignee the entire right, title and interest in and to said inventions for all countries foreign to the United States, including all rights of priority arising from the application aforesaid, and all the rights and privileges under any and all forms of protection, including Letters Patent, that may be granted in said countries foreign to the United States for said inventions.

I authorize Assignee to make application for such protection in its own name and maintain such protection, and to invoke and claim for any application for patent or other form of protection for said inventions, without further authorization from me, any and all benefits, including the right of priority provided by any and all treaties, conventions, or agreements. I request that any and all patents for said inventions be issued to Assignee, or to such nominees as Assignee may designate.

I hereby consent that a copy of this assignment shall be deemed a full legal and formal equivalent of any document which may be required in any country in proof of the right of Assignee to apply for patent or other form of protection for said inventions and to claim the aforesaid benefit of the right of priority.

I agree that, when requested, I shall, without charge to Assignee, but at its expense, sign all papers, and do all acts which may be necessary, desirable or convenient in connection with said applications, patents, or other forms of protection.

I hereby declare that:

- My residence and mailing address are as stated below next to my name.
- The above-identified application was made or authorized to be made by me.
- I believe that I am an original inventor or joint inventor of the subject matter which is claimed in the above-identified application.
- I hereby state that I have reviewed and understand the contents of the above identified specification, including the claims, as amended by any amendment specifically referred to above.
- I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56, including for continuation-in-part applications, material information which became available between the filing date of the prior application and the national or PCT international filing date of the continuation-in-part application.

- I hereby acknowledge that any willful false statement made in this declaration is punishable under Section 1001 of Title 18 of the United States Code by fine or imprisonment of not more than five (5) years, or both.
